As part of the Town's adoption of the Workforce Housing Framework, November 2022, the Town seeks to appoint a diverse group of community leaders and concerned citizens to serve on the newly formed Housing Action Committee.

The Workforce Housing Framework is focused on four core pillars: Community, Planning, Management, and Revenue. The goal of the community pillar encourages the Town to engage, collaborate and inform the community on housing challenges, and identify community-led housing programs and solutions.

A critical first step in implementing the goal and strategies within the Community pillar is engaging community leaders' voice and expertise.
