**5. New Business**

**a. Fire & Rescue 2012 Annual Report**

Lavarn Lucas, Fire Chief, referenced the 2012 Annual Report included in the agenda packet, and displayed a brief PowerPoint presentation to highlight certain aspects of the Report.

He explained the only change in the leadership staff that had occurred was that Tom Dunn had assumed the position of Emergency Management Coordinator, and he noted that two full-time positions had been eliminated.

Chief Lucas outlined the major accomplishments for 2012, which included the re-accreditation that occurred in March, the achievement of a heart safe community designation, and the ISO PPC

community rating of 3 having been retained since first achieved in 1993. With major changes in the ISO rating schedule taking effect July 1, Chief Lucas indicated his proposed presentation to the Committee concerning needs for retention of this rating would be made later in the year after further analysis of the changes. He briefly highlighted the achievements made in Operations, the activities in the Bureau of Fire Prevention and Training Division, and the equipment and reporting software changes made in Support Services. Statistics were cited for the Dispatch Center showing over 140 incoming phone calls daily, with 6,205 calls dispatched over the year. He noted the increase in the number of Freedom of Information requests, requiring additional processing time. The Fleet Maintenance key statistics were reviewed, as well as operational statistics broken down by Fire and EMS responses, showing a slight increase from 2011. Chief Lucas noted further statistical breakdowns by fire incident types, EMS incident types, EMS calls by primary impression, and incidents by month, day of week, and hour of day.

Chief Lucas concluded his brief overview and asked for questions. Mr. McCann reported that several citizens who had taken the CPR course recently had praised the excellent course and trainers.

**b. Fire & Rescue 2013 Strategic Plan Recommendations – Status Report**

Chief Lucas referenced the hand-out included in the agenda packet and explained the requirement to report to the Committee on the implementation of Recommendations contained in the Strategic Plan. He briefly reviewed the progress of the department name change, and the completed adoption of mission, vision, core values statements and motto. He reported a revision of the Fire and Rescue enabling ordinance would be forthcoming by the end of December. The status of other Recommendations concerning hydrant flow identification, a nuisance fire alarms ordinance, sale and discharge of fireworks, dispatch and emergency vehicle traffic pre-emption system upgrades, health and wellness committee, the plan for beach and water rescue options, emergency access gates, and the safety training officer position were briefly outlined by Chief Lucas. He noted that the open burning ordinance is on the agenda for first reading at the Town Council meeting tomorrow. He reported that discussions will be taking place soon with Community Development concerning traffic speed humps and tree obstruction, as well as what can be done about dirt roads.

He reported that the placement of AED's in all Fire and Rescue staff vehicles has almost been completed. Mr. McCann and Chief Lucas discussed the location of AED's in places of high occupancy, commercial hotels, security for the PUD's, and in various Town parks. He noted that both the 2012 Annual Report and Strategic Plan are posted on the Town website. Chief Lucas concluded his highlights of the Recommendations and asked for questions. There being none from the Committee or the public, Chairman Grant thanked Chief Lucas for his time and the good work being done by him and his staff.

**Adjournment**

At 10:46 a.m. Mr. McCann moved to adjourn the meeting and Mr. Grant seconded. The motion was approved by a vote of 2-0.

Respectfully submitted:

SHERIFF'S OFFICE**

**UNIFORM CRIME REPORT**

**TOWN OF HILTON HEAD  
2ND QUARTER 2013**

## **DATA SOURCE/CRITERIA**

All law enforcement agencies in the state compile incident-based data on crimes occurring in their jurisdiction. While one incident can result in multiple offenses being tracked in the local system, only data that meets the national criteria is forwarded to the SC Law Enforcement Division.

Currently if a burglary is reported and property stolen, two offenses are tracked locally but only the major crime, burglary, is reported using the South Carolina Incident-Based Reporting System. This data is collected by SLED and then forwarded to the FBI, which administers the Uniform Crime Reporting (UCR) program.

The Beaufort County Sheriff's Office will begin using the UCR criteria to account for crime in this report so that it will more closely match the data published by the FBI.

Crimes Against Persons will include Murder, Aggravated Assault, Robbery and Forcible Rape.

Crimes Against Property will include Burglary, Larceny and Auto Theft.  
Vehicle Collisions will remain the same as they are not reportable UCR crimes.

This report is based only on the crimes that occurred on Hilton Head Island.

## CRIMES AGAINST PROPERTY

**Burglary/Breaking & Entering:** The UNLAWFUL ENTRY into a building or other structure with the intent to commit a serious crime or theft.

**Structure:** A structure is defined as a building or walled enclosure which can be enclosed on all sides by closing doors or windows.

Motor vehicles, motor homes, trailers and other mobile property are NOT structures. Some mobile property may be made immobile.

**Larceny:** The unlawful taking of property from the possession or constructive possession of another person. Types of larceny include: pocket picking, purse snatching, shoplifting, theft from a building theft from coin operated machine or device, theft from a motor vehicle, theft of motor vehicle parts and thefts from enclosures, etc, and from residences where no unlawful entry of a structure is involved.

**Motor Vehicle Theft:** Theft of a motor vehicle. This does not include using a motor vehicle without the expressed consent of the owner.
