- Chairman Gant called the Circle to Circle Committee meeting to order at 9:32 a.m.
- The meeting agenda was approved.
- The meeting minutes from the June 10, 2015 meetings were approved with the addition of the summary of themes presented at the meeting.
- Chairman Gant introduced the first item of business: Circle to Circle Area Visions. Based on the comments and input from the Committee on the summary of themes presented at the last meeting, Chairman Gant presented an initial draft vision summary for the Circle to Circle Area that identified three subareas as the Coligny Circle/Forest Beach Area, the Pope Avenue Corridor between Coligny and Sea Pines Circle and the Sea Pines Circle and it's 4 quadrants extending to Archer Road. It also included summaries of the challenges that must be addressed and community suggestions to be considered by the Committee based on the input received at the May Community Forums.
- The Committee discussed the draft and reviewed the information for each subarea. The draft will continue to be refined and built upon the as the Committee moves forward.
- Questions from Committee members arose regarding the development of future visions and how the traffic counts and modeling work will be used to help develop recommendations. Chairman Gant asked all Committee members to identify key vision words for the subareas. Three committee members volunteered to prepare information specific to the issues and options related to parking and shuttle transportation and alternate beach destinations solutions for the next meeting.
- Chairman Gant will provide the Committee with more detail on the traffic and modeling work as well as explore the potential for hiring consultants to assist with economic market analysis and urban design work that may help the Committee.
- Based on the time, Chairman Gant deferred the second agenda item, Community Involvement and Communications Strategy, to the next meeting.
- Following public comment, Chairman Gant adjourned the meeting at 10:42 a.m.
