

Addendum # 1

To: BCSO Holding Cell Bidders
From: Derrick Coaxum, Project Manager
CC: Julian Walls, Facilities Manager
Date: September 5, 2014
Re: BCSO Holding Cell Project

This addendum is a follow up to questions from the mandatory pre bid and sent in during the question & answer period regarding the project;

1.) Q.) Proposals are due on what date?

A.) No later than 2pm on September 16, 2014 delivered at Town Hall

2.) Q.) how many copies of the proposal is needed

A.) Five

3.) Q.) The existing water piping is pex, do they want to use copper and fiberglass, and where is there 1 ½ water supply to tie into.

A.) Pex is fine since that's what's out there. Match whatever is existing. We believe there is 1 1/2" waterline there. Contractor will have to field verify

If you have any questions please feel free to contact me.

Thanks

Derrick Coaxum, Project Manager
