ii. Noteworthy Events

Mr. Riley reported on upcoming meetings and noteworthy events taking place in the coming weeks. He also spoke of some items of interest happening within Fire Rescue as well.

9. Reports from Members of Council

a. General Reports from Council

Mr. Lennox reported that he recently attended the Southern Lowcountry Regional Board meeting where the discussion was about the Committees recommendation of a regional stormwater design utility. He said that Town staff had expressed concerns to Mr. Riley about the time demands and potential costs associated with this topic, which is not currently on Town Council's priority list. Mr. Lennox went on to say that Mr. Riley expressed these same concerns at the recent SoLoCo Board meeting, and reported that while not opposed to the effort, the Town was not in a position at this time to participate. Mr. Lennox said that he was asked by the members of the SoLoCo Board to bring this matter to the next Town Council meeting, and ask that this be made a priority. He said after speaking with Mr. Riley more about this matter, he felt Mr. Riley might be right. Mr. Lennox said that the technical staff of the SoLoCo Board has issued a proposed mission statement and recommendations to develop a regional stormwater technical standard and model ordinance. Mr. Lennox said a copy of this document will be placed in Council's mailboxes for review, consideration, and further discussion.

Mrs. Likins reported that since the opening of the new Shelter Cove Apartments, she has heard from many of her new constituents about the pond that is beside the apartments and the park. She said through the construction phase, debris and trash has blown into the pond, as well as dead trees from the storms. She also mentioned this is the same pond that was a topic of discussion with the Audubon Society regarding the protected birds. Mrs. Likins said that the residents would like that area to be a beautiful area to look over and are concerned about some of the trash that is collecting there. She said that she realizes that it is a delicate situation, and that we do not want to disturb the bird habitat there, but there has been discussions about having an observation platform installed. She went on to ask, could we ask staff to reach back out to the developer about this platform, and see what the plans are moving forward. Mr. Riley said that staff met with the developer recently about this very same topic. He said they are going to begin doing some work without doing damage and the platform is on track.

Mr. Harkins said that he thought the County had retained a consultant to do an assessment of the stormwater system, and that report should have been completed a couple months ago. He asked if there would be a way to obtain the report. Mr. Riley said he would look into getting a copy from the County.

Mayor Bennett reported that he and Mr. Riley continue to work with the County with regards to the Gateway Project, stating that at their recent meeting, the County approved a new contract with a consulting firm. He said that the County agreed to the Town being a party to the contract. He anticipates the Town receiving notice from the County requesting the Town's participation in the cost associated with the contract, which was approximately \$90,000. Mayor Bennett said the County also approved up to \$575,000 in additional funding for the Mitchelville Preservation Project upon completion of the master planning and business planning effort. He said that the funds would be in the form of a match, on a one-to-one basis. Mr. Harkins asked if Town Council would need to vote as a whole to participate in the study for the Gateway Project. Mr. Riley confirmed; the Gateway study would need to be an agenda item.

b. Report of the Intergovernmental & Public Safety Committee – Bill Harkins, Chairman

Mr. Harkins stated that he did not have a report this week.

c. Report of the Community Services Committee – Kim Likins, Chairman

Mrs. Likins reported that the Venue Committee met on March 30, 2018 to discuss the recommendations they received from the consultant regarding a community arts venue. They will be meeting one more time, then bringing their recommendations forward to Town Council. She said that the Committee feels very strongly that they need Council to finish Phase II of the study beyond the point of what they have been granted, which was just the community arts venue. Mrs. Likins said that the Committee feels that it is very difficult to make a final recommendation without having all of the information collectively together. She said that at the Council's retreat they had agreed that the Committee would have the opportunity to finish Phase II, and that it would be in the budget for them to do so. Mrs. Likins said that she hoped that Council would move forward with their request when it comes before Council. Mrs. Likins said that the Community Services Committee met on April 2, 2018. She said that the Committee began to review applications for the open seats within the boards and commissions. She encouraged the public at large to consider sending in applications.

Reports from Members of Council (cont.)

d. Report of the Public Planning Committee – David Ames, Chairman

Mr. Ames reported that the Committee met on March 22, 2018. He said that the RFP is out again and is due back to the Town on April 17, 2018. Mr. Ames said that they are hoping for a response that allows forward motion on the strategic plan. He said that staff is updating GIS maps to depict underperforming or vacant commercial building for potential conversion to affordable housing. Mr. Ames said that staff is also working on the actual conversion rate of commercial square footage to residential densities in hopes of transitioning into housing in those difficult areas. He said staff is working with the Chamber's housing coalition on the permitting process for affordable housing. Mr. Ames said that the Committee recommends and advocates for the passage of the State Inclusionary Tax Bill.

e. Report of the Public Facilities Committee – Marc Grant, Chairman

Mr. Grant reported that the Committee met March 26, 2018, where they discussed the dirt roads and park expenses. He said Mr. Liggett provided a report to the Committee about the low return and responses for the possibility of property owners donating their land rights for paving the road. Mr. Grant said that they discussed some of the possibilities to why there was a low response. He said in accordance with the policy, the Committee decided to move on to the next four roads, Murray Ave, Mitchelville Lane, Alice Perry Drive, and Pinefield Road. Mr. Grant said after the conclusion of contacting the property owners on these four roads, the Committee will begin to review the Town's policy and see what changes can be made to do better. Mr. Grant said the Committee discussed the cost analysis to maintain the County parks. He said they discussed maintenance, janitorial, business contracting to maintain the parks at higher standards. He said the total costs of this analysis came to \$904,200. Mr. Grant said that the Committee voted to move this topic to Town staff so they could begin the negotiations with the County to talk about how to improve the possibilities of maintaining the parks and how they can maintain them better.

f. Report of the Finance & Administrative Committee – John McCann, Chairman

Mr. McCann reported that the Committee met earlier in the day where they discussed the Town's reserves. He stated that a recommendation would be forthcoming.

SUBJECT: **Hilton Head Island Fire Rescue – Items of Interest**

❖ **Reserve Ladder Truck:**

As the longest serving truck Fire Rescue had in the fleet, the original Truck 6 has been sold. The ladder truck was sold to H. Cuerpo de Bomberos Voluntarios de Querétaro, a volunteer fire department in Querétaro, Mexico.

The truck will be put to good use, the City of Querétaro has 804,000 citizens and the surrounding metropolitan area brings the total citizens served to 1.2 million!

The Deputy Chief and Training Captain picked up the truck and drove it all the way home. They will send us pictures once the truck has been placed back in service.

❖ **Behavioral Health Study:**

The week of April 2nd, researchers from the Center for Fire, Rescue & EMS Health Research were at Fire Rescue for the third and final data collection as part of a FEMA funded behavioral health study.

Fire Rescue was selected as one of 8 departments nationally to help evaluate the Stress First Aid intervention training program, developed by the National Fallen Firefighters Foundation. Two years ago firefighters were solicited for a baseline assessment, after one year they took a second assessment. Then they participated in the Stress First Aid training program.

The findings from the data collected, will help shape both the future of the Stress First Aid intervention and the understanding the fire service has about the impact of repeated exposure to trauma.

SUBJECT: Proposed Ordinance 2018-04 Lease of Summit Drive Tract to ArborNature

Recommendation: Staff recommends Town Council approve Proposed Ordinance 2018-04 authorizing the execution of a lease of a portion of Town property, specifically the Summit Drive Tract, for the purpose of relocating the ArborNature grinding and logging operations from 76 Leg O'Mutton Road to a portion of the subject property.

Summary: The Town and ArborNature have worked together to find an appropriate site to relocate the grinding and logging operations associated with ArborNature's current site at 76 Leg O'Mutton Road per the June 14, 2017 Settlement Agreement. A 4-acre portion of the Town-owned Summit Drive Tract (R510-009-0000-1034) will be leased to ArborNature for a period of one year for one dollar. Major elements of the Lease are as follows:

- ArborNature has the option to purchase the property for \$300,000. The option shall be exercised by written notice sixty days prior to the expiration of the lease period.
- ArborNature will not be required to meet minimum tree requirements/regulations on the site as long as the property is used for grinding.
- The grinding shall only take place between the hours of 8 a.m. to 6 p.m. Monday through Friday.
- ArborNature shall not sublet the property.

Background: After numerous complaints from nearby residents and business owners, the Town investigated ArborNature's operations at 76 Leg O'Mutton Road. As a result of that investigation, staff determined that ArborNature was out of compliance with the allowable uses for the subject property. ArborNature appealed staff's determination to the Town's Board of Zoning Appeals (BZA) and the BZA upheld staff's determination. ArborNature subsequently filed a lawsuit against the Town. As part of the pre-litigation mediation, a Settlement Agreement between the Town and ArborNature was reached. Major elements of the Agreement are as follows:

- The Town will lease a 4-acre portion of the Town-owned Summit Drive Tract to ArborNature for a period of one year for one dollar. The configuration of the 4-acre portion of the Summit Drive Tract will minimize wetlands and specimen trees.
- ArborNature has the option to purchase the property for \$300,000.
- The Town will provide a topographic and wetlands delineation survey as soon as the lease is signed.

- ArborNature will not be required to meet minimum tree requirements/regulations on the site as long as the property is used for grinding.

Proposed Settlement Agreement
Between
ArborNature, LLC & The Town of Hilton Head Island

WHEREAS, litigation currently exists between ArborNature, LLC and the Town of Hilton Head Island; and,

WHEREAS, both parties desire to compromise and settle all existing disputes between them; and,

WHEREAS, an agreement as follows was reached in mediation on June 14, 2017;

NOW THEREFORE, the parties hereto agree to compromise and settle all issues currently encompassed in those Beaufort County, South Carolina Circuit Court cases numbered 2017-CP-07-0374 and 2017-CP-07-0517 as follows:

1. The Town will convey to ArborNature, LLC four (4) acres of land located at the end of Summit Drive in a configuration to be agreed upon by the parties, that minimizes wetlands and specimen trees and allows ArborNature, LLC to use the land in its current zoning to the fullest reasonable extent.
2. Consideration for the sale will be Three Hundred Thousand and 00/100 Dollars (\$300,000.00) in total. The Town will lease the four (4) acres to ArborNature, LLC for the first year for one dollar and 00/100 (\$1.00) and the closing on the property will occur on or before one (1) year from the date the lease is signed.
3. As soon as the lease is signed, the Town will provide a topographic and wetlands delineation survey. The Town will waive any adherence to minimum tree coverage on the parcel to allow the full use of the four (4) acres, thereby exempting ArborNature from any tree requirements or regulations of the LMO on this parcel so long as the property is used for grinding. Provided, however, the parties agree that grinding shall only take place between the hours of 8:00 a.m. to 6:00 p.m. Monday through Friday or whatever laws may be adopted in the future by the Town Council. ArborNature shall apply for development plan approval within thirty (30) days of Town Council's approval of the settlement.
4. The Town shall amend the current zoning on the 6.7 acres owned by Adam Congrove at 76 Leg O'Mutton Road, to provide that grinding and logging activity shall not be allowed on the property, and the same shall keep the right to a Wholesale Landscape Nursery and Landscape Contractor's Office with outside storage. The rezoning shall provide that the property may alternatively be used for residential development at eight (8) units per acre.

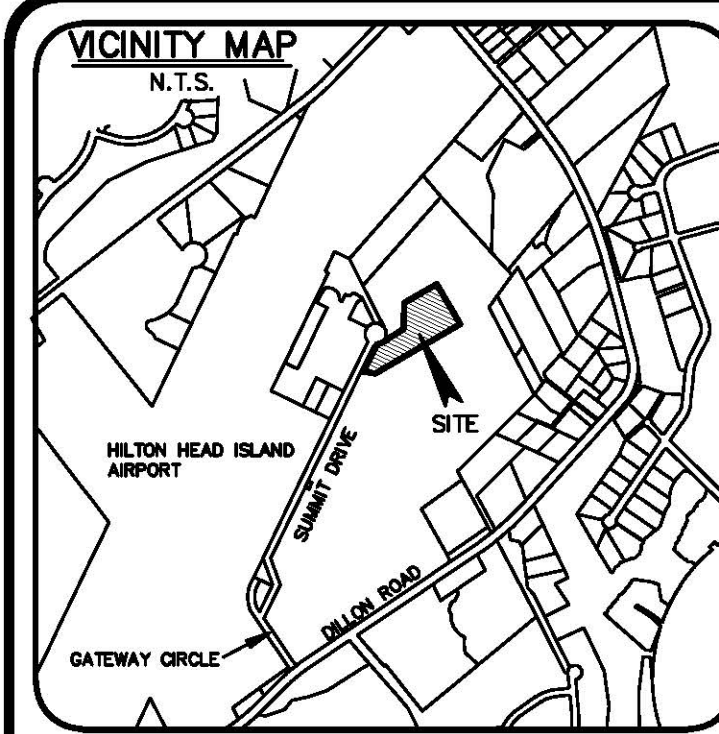

5. The Insurance Reserve Fund will pay ArborNature Ten Thousand and 00/100 Dollars (\$10,000.00). ArborNature agrees to execute a release in favor of the Town of Hilton Head Island and the South Carolina Insurance Reserve Fund as well as a stipulation of dismissal.
6. The parties will bear all of their own costs.
7. The current litigation will be dismissed with prejudice by consent upon the adoption by the Town Council of the Ordinance approving the Master Plan Amendment for the Leg O'Mutton Road Property.
8. The parties agree to work in good faith to implement their Settlement Agreement, and to not publicly criticize or abuse the other.
9. All parties understand the Agreement is subject to approval by the Town Council.
10. Current grinding at Leg O'Mutton will cease thirty (30) days after issuance of development plan approval on the Summit Road property.

RE: Proposal to Beaufort County regarding maintenance of recreational facilities on Hilton Head Island

Recommendation:

The Public Facilities Committee recommends that Town Council direct the Town Manager to pursue conversations with Beaufort County leading to the acceptance by the Town of full responsibility for all publicly owned parks within the Town. Additionally, the committee recommends that that staff be directed to discuss with the Town of Bluffton staff, the status of their negotiations with the County, if any, on park takeover.

Summary:

The attached proposal and supporting staff cost estimate was the basis for the Public Facilities Committee discussion and recommendation. The Committee endorses a proposal to the County which involves the formal transfer of all maintenance responsibilities from the County to the Town associated with the following properties: Crossings Park, Bristol Sports Arena, Chaplin Community Park, Barker Field, Barker Field Expansion and Hilton Head Park in exchange for an initial amount of \$600,000 block granted by the County to the Town. Annual increases of \$100,000 would occur until the block grant amount reaches \$900,000. Thereafter, the block grant amount would increase by applying an appropriate index (CPI, etc.).

Background:

The topic of the Town assuming the responsibility for operation and maintenance of parks from the County is one that has been around for many years. An appropriate level of funding to be provided by the County has heretofore been an insurmountable issue. Some of the issue may be a result of the Town's standards for maintenance differing from the County's. About two years ago, County staff submitted a proposal (copy attached) that was uniformly rejected by Council members, Staff, the Parks and Recreation Commission members and others.

At its annual strategic planning workshop, the County Council identified their priorities for the coming year. Reexamining the issue of responsibility for park maintenance within the municipalities, while not a top priority, nevertheless was adopted as a priority.

Last July, Town staff updated their estimates of the costs to take over operation and maintenance of the parks from the County. The new estimate was higher than Staff had previously estimated based in large part on their experience in renovating and returning Chaplin Park into working order after it had been used as a debris clearing site following Matthew.

It is envisioned that this estimate would be the basis for a proposal and subsequent negotiation with the County to finally take back operation and maintenance of our parks so that they receive the level of attention and care our citizens expect and demand.

All:

The topic of the Town assuming the responsibility for operation and maintenance of parks from the County is one that has been around for many years. An appropriate level of funding to be provided by the County has heretofore been an insurmountable issue. Some of the issue may be a result of the Town's standards for maintenance differing from the County's.

About two years ago, County staff submitted a proposal that was uniformly rejected by Council members, Staff, the Parks and Recreation Commission members and others.

Last week, at its annual strategic planning workshop, the County Council identified their priorities for the coming year. Reexamining the issue of responsibility for park maintenance within the municipalities, while not a top priority, nevertheless was adopted as a priority.

Last July, at my request, Town staff updated their estimates of the costs to take over operation and maintenance of the parks from the County. The new estimate (attached) was higher than Staff had previously estimated based in large part on their experience in renovating and returning Chaplin Park into working order after it had been used as a debris clearing site following Matthew. Steve and Scott have told me that this estimate is still valid.

I would like us to use this estimate as the basis for a proposal and subsequent negotiation with the County to finally take back operation and maintenance of our parks so that they receive the level of attention and care our citizens expect and demand.

I believe our proposal to the County should include an initial amount of \$600,000 block granted by the County to Hilton Head Island for FY19 and increase annually by \$100,000 until the block grant amount reaches \$900,000, which is roughly the figure arrived at when applying the ratio of Hilton Head's population to the County's total population to the annual PALS budget. Thereafter, the block grant amount would increase by applying an appropriate index (CPI, etc.).

I am assigning this to the Public Facilities Committee, with the hope that we can gain agreement to make a formal proposal to the County as quickly as possible.

RE: County Park Maintenance

In an effort to update the previously submitted cost analysis to maintain the County parks, we have secured proposals from a contractor who has the capability and equipment that would be necessary if the Town chooses to assume all of the maintenance responsibilities; which are reflected in the summary below:

PARK	Maintenance	Janitorial	Litter pick/up	Total
Barker Field (Baseball)	\$83,000.00	\$9,000.00	\$2,000.00	\$94,000.00
Expansion	\$60,190.00	\$9,000.00	\$1,200.00	\$70,390.00
Bristol	\$82,035.00	\$9,000.00	\$2,300.00	\$93,335.00
Chaplin	\$181,790.00	\$36,000.00		\$217,790.00
Crossings	\$133,945.00	\$9,000.00	\$6,300.00	\$149,245.00
HH Park (Old Elem.)	\$40,218.00	N/A	\$2,000.00	\$42,218.00
Two additional Facilities Tech (salary and benefits)*	\$134,000.00			\$134,000
SUBTOTAL	\$715,178.00	\$72,000.00	\$13,800.00	\$800,978.00
Estimate of Utilities				\$103,220.00
TOTAL				\$904,198.00

*It is anticipated that the Town would require an additional two Facilities Technicians to appropriately cover the additional duties that will be required.

The estimate that was provided a few years ago was \$574,456.00 which included an estimate for utilities.

The Town currently pays insurance on all of the properties listed above under an umbrella policy, so that would not change.

Mr. Stephen G. Riley, Town Manager
Town of Hilton Head Island
One Town Center Court
Hilton Head Island, SC 29928

Dear Mr. Riley:

As you are aware, Beaufort County has been working internally, as well as with representatives of the Town of Hilton Head Island, to put together a workable plan for the transfer of county-owned and maintained recreational assets to the Town.

Attached are the details of this proposed plan. In summary, the plan transfers over \$1.2 million in real property, an additional \$25,000 in maintenance equipment and offers nearly one million dollars in subsidies for recurring utility and labor costs over the next five years. The total value of this plan is in excess of \$2.2 million.

It is our sincere hope that the Town of Hilton Head Island finds these terms acceptable. Given the valuation of assets to be transferred and subsidies specified, we feel this is a generous offer and one which will aid in the efficient delivery of recreational services to the residents of Hilton Head Island. Please note, this agreement has not been presented or approved by Beaufort County Council. If the terms are acceptable to the Town as presented, we would bring this matter before County Council for their subsequent ratification and approval.

Please contact me if you should have any questions.

Sincerely,

Gary Kubic

RE: **Joint Funding Request; County Engineering Services**

Recommendation

That the Town Council approve funding in the amount of \$45,882 as requested by Beaufort County to assist in the funding of engineering services to prepare an application to the State Infrastructure Bank (SIB) relating to the Gateway Corridor Project.

Summary

Funding in the amount suggested will ensure that the contract executed by the County will be expanded to include two community workshops and up to four conceptual renderings for use in the public education component of the Gateway Corridor Project. The Town will effectively become a partner with the County in developing the application to the SIB. This has the potential to become a significant workload.

Background

Beaufort County Staff, at the direction of County Council, have undertaken a solicitation for engineering services to assist with the amending of an application to the SIB as part of strategy to secure funding for the Gateway Corridor Project. The County, via the attached letter, is seeking a funding commitment and partnership with the Town in this endeavor. Making application to the SIB is part of a funding strategy that includes a Transportation Sale Tax referendum scheduled by the County for this fall. The Town's share of the funding requested here would come from Council Initiatives.

The Town's commitment to the SIB application and the Gateway Corridor Project will entail much more than authorizing these funds. The extent of the demands upon Council and Staff are not precisely known at this time.

RE: Professional Consulting Services for South Carolina State Infrastructure Bank Application
Joint Partnership between Beaufort County and the Town of Hilton Head Island

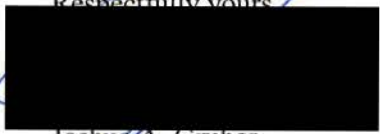

Dear Steve:

At the March 26, 2018 meeting of the Public Facilities Committee of Beaufort County Council, the Committee provided authorization for staff to move forward with negotiating a professional services contract with the firm of Johnson, Mirmiran & Thompson ("JMT"). The purpose of this contract would be to provide consulting services culminating in the submission of an update/amendment to the County's pending request for funding before the South Carolina State Infrastructure Bank ("SIB"). The current estimated cost of these services is \$91,763.74 and will include two (2) public outreach workshops and up to four (4) conceptual renderings provided for this project.

At this same meeting, the Committee provided authorization for staff to reach out to you regarding the possibility of entering into this contract as a joint partnership between Beaufort County and the Town of Hilton Head Island. This would allow us to approach the SIB as a combined force who would be cooperatively working together to achieve this substantial and imperative project. If the Town is open to this possibility, we would respectfully request that you seek authorization to enter into this contract as an equal partner and jointly share in the potential costs accordingly.

Thank you for your consideration of this request.

Respectfully yours,

Joshua A. Gruber
Interim County Administrator
