Upon no further discussion from Council, the motion was approved by a vote of 7-0.

12. New Business

a. First Reading of Proposed Ordinance 2018-04

First Reading of Proposed Ordinance 2018-04 of the Town of Hilton Head Island, South Carolina, authorizing the execution of a lease and conveyance documents with ArborNature for property owned by the Town of Hilton Head Island, South Carolina, pursuant to the authority of S.C. Code Ann. § 5-7-40 (Supp. 2011), and § 2-7-20, *Code of the Town of Hilton Head Island, South Carolina,* (1983); and providing for severability and an effective date.

Mrs. Likins moved to deny Proposed Ordinance 2018-04 and direct the Town Attorney and Town Manager to renegotiate the terms of the Settlement Agreement to either move ArborNature off the Island or add terms to better address noise, environmental, and operational concerns. Mr. Harkins seconded. With no discussion at this point from the members of Council, Mayor Bennett opened the discussion to the public at large. Eight members of the public addressed the members of Council, the majority expressing their concern about ArborNature moving its operations to Summit Drive, and one citizen asking for direction from the Town concerning ArborNature and its current location near Indigo Run. Upon no further comments from the public, the motion was approved by a vote of 7-0.

b. Workforce Housing Funding

Mr. Ames moved that Town Council designate the Expedia settlement in its full amount as a source of funding to address workforce housing programs, policies, procedures as recommended in the upcoming consultant's study, Town research, and Council action. Mrs. Likins seconded. Mayor Bennett asked Mr. Ames if he was omitting transportation from his motion. Mr. Harkins stated that he was in favor of this initiative, and moving forward with this funding, stating that this was a very complex subject that addressed all topics, including transportation. Mr. McCann echoed Mr. Harkins statements about all items within the initiative needing to be addressed. Mr. Grant asked if transportation would include the issues at Squire Pope or just the redevelopment of Coligny. Mr. Ames explained that a consultant would need to make the linkages that are being made between each of the relevant issues. After further discussion, Mr. Ames amended his motion, adding transportation. Mrs. Likins amended her second.

Mayor Bennett said he is supportive of the motion as he understands that workforce housing is a huge issue, and a top priority of the Council. He said that he wanted to make sure policies and procedures were in place before any of the funds were allocated. Mr. Riley explained that this vote was to designate the funds, and before the funds could be allocated, Council would need to approve the use by way of a first and second reading of an ordinance. Mrs. Likins stated that she felt that a lot of the workforce issues facing the hospitality industry on the Island was due to their businesses being so successful. She said she supported the designation of the funding in order to ensure continued and future success. Mr. Lennox said that he felt that because the Workforce Housing Coalition was led by the Chamber, which has the experience of bringing the community together, that perhaps they should be the organization to represent and advocate for the matter. He discussed utilizing the Town's legislative tools to motivate non-residential property owner to redevelop their property before using the Town's financial tools. Mr. Lennox concluded, stating that he cannot support the motion at this time.

Workforce Housing Funding (cont.)

With Council discussion wrapping up, Mayor Bennett opened up the discussion to the public at large. Five members of the public addressed Council expressing their concerns for affordable workforce housing funding. Each citizen that addressed Council echoed the others remarks, stating the importance and need for this funding. With no further discussion from the public or the members of Council, the motion was approved by a vote of 6-1, Mr. Lennox opposed.

These changes are attached as Exhibits B, C and D.

Summary:

The Town's current SIC code classification system is out dated. The Municipal Association of South Carolina's (MASC) model ordinance is based on the NAICS classification system. In addition, this will align the Town's coding system with other local municipalities that have already converted.

The SIC business classification system was first published in 1939, and was last updated in 1987. The NAICS business classification system was introduced in 1997. The six-digit NAICS classifications provide more flexibility than the four-digit SIC codes. A NAICS six-digit code uses the first two digits to denote the main industry sector, the third digit for a sub sector, the fourth number for an industry group and the fifth number

for a particular industry. The sixth digit is a country specific number for U.S., Canadian or Mexican industry specific designation.

The Town will continue to utilize its eight (8) rate class structure. MASC provides a business license class schedule by NAICS code. In order to maintain revenue neutrality, certain NAICS codes were moved from the MASC recommended rate class to rate class 8 and the rate for that code remained the same as it was under the SIC codes. Existing Town Code allows that businesses classified in this subsection are treated as separate and individual due to provisions of State Law, regulatory requirements, service burdens, tax equalization considerations, etc., which are deemed to be sufficient to require individually determined rates.

The table on the following page reflects the anticipated changes in revenue by business category based on the conversion from SIC to NAICS.

MEMORANDUM

RE:	First Reading of Proposed Ordinance No. 2018-10
DATE:	July 5, 2018
VIA:	Stephen G. Riley, ICMA-CM, Town Manager
FROM:	John Troyer, CPA, Director of Finance
TO:	Town Council

Recommendation:

Staff recommends Town Council approve the first reading of Proposed Ordinance No. 2018-10 to amend the General, Capital Projects and Debt Service Funds' budgets for the fiscal year ending June 30, 2018.

Summary:

Staff recommends a budget amendment to realign the original budgeted plans with expected actual results.

Background:

The Capital Projects and Stormwater Funds are assessed during the year and amended when appropriate. Staff also reviews the Debt Service and General Funds for any anticipated budget amendments. For fiscal year 2018, staff recommends amendments for the General, Capital Project, and Debt Service Funds.

For the General Fund, the amendment requests are to reduce the Townwide Operating and increase the Townwide Personnel budgets due to several retirements during the fiscal year. These amounts offset each other resulting in the same total General Fund budget.

In the Capital Projects Fund, the requests are as follows:

- A. **Transfers** This is an increase to transfer part of the Beach Bond proceeds to the Debt Service Fund for repayment of the 2016 Bond Anticipation Note (BAN).
- B. **Repayment of the 2016 BAN** Repayment of the 2016 BAN occurred in fiscal year 2018 as anticipated when the BAN was approved.
- C. **Road and Park Improvements** At the January 9, 2018 Town Council meeting, Council approved a recommendation to increase the budget for the Roadway Improvements on Office Park Road in order to be able to execute the contract for the project. This transfer accomplished this. Staff recommended the funds be transferred from the Coligny Park Improvement account as the donor project was not scheduled to start during fiscal year

2018. The funding source for both projects is the TIF Bond. There is no total increase to the TIF Bond fund.

D. Fire Rescue Medical Equipment – This is to amend the funding source for the Fire Rescue Medical Equipment from the GO Bond to Hospitality Taxes and the Hospitality Bond. There is no change in total spending, and keeps with the intent to preserve GO capacity where possible.

For the Debt Service Fund, the requests are as follows:

- A. Decrease revenue from Property Tax Collections and increase revenue from the Disaster Fund Property Taxes. There is no increase or decrease to the totals.
- B. Reduce the budget for interest payments and increase the budget for principal payments as a result of savings from bonds issued during the year.
- C. Increase the budget for Beach Bond proceeds transferred from the Capital Projects Fund, and apply the proceeds towards retirement of the 2016 BAN. The 2016 BAN has already been repaid with a portion of the Beach Bond proceeds.

SUBJECT:	ZA-001111-2018 – Florence Graham Island Rezoning

Recommendation: The Planning Commission held a public hearing on June 6, 2018 to review the Zoning Map Amendment application. The Commission voted 6-0-0 to recommend forwarding the application to Town Council with a recommendation of denial based on the Findings of Fact and Conclusions of Law in the staff report. The Planning Commission also would like Town Council to be aware of two issues discussed during the meeting:

- 1. As the subject property is currently listed for sale, the Commission questions the motive of the current property owners, who claim they want to develop the property as a "modest fish camp" for their own use.
- 2. If the rezoning is not approved, and therefore the property cannot be developed, the property owner could request that the Town consider purchasing this property as part of their land acquisition program.

Staff recommends that Town Council deny the Zoning Map Amendment application based on the Findings of Fact and Conclusions of Law in the staff report.

Summary: Janet Spangenberg-Brouillard, Trustee for the subject property, is proposing to amend the Official Zoning Map by rezoning Florence Graham Island, located in the tidal marsh of Old House Creek, from CON (Conservation) to the RSF-3 (Residential Single-Family-3) Zoning District. The applicant is proposing to rezone the property to allow for the development of a "modest fish camp."

Background: The Spangenberg Family Trust is pursuing a zoning map amendment to rezone the subject property to develop the property as a "modest fish camp."

The subject property is undeveloped and surrounded by tidal marsh. It is approximately 1.23 acres in size with half an acre of buildable area. The Spangenberg Family Trust has owned the property since 2004. The property was not located in a zoning district until it was designated as CON in the 1998 Official Zoning Map. The zoning of the property has not changed since 1998.

Application Summary

Janet Spangenberg, Trustee for the subject property, is proposing to amend the Official Zoning Map by rezoning Florence Graham Island from CON (Conservation) to RSF-3 (Residential Single-Family-3). The applicant is proposing to rezone the property to allow for development of a "modest fish camp" as defined in Attachment G.

Staff Recommendation

Staff recommends the Planning Commission find this application **inconsistent with the Town's Comprehensive Plan** and to **not carry out the purposes of the LMO**, based on those Findings of Facts and Conclusions of Law as determined by the LMO Official and enclosed herein.

Background

The subject property is surrounded by tidal marsh and approximately 1.23 acres to the mean high water line in size. It is located +/- 500 feet from the Cemetery at Oak Marsh Subdivision and is known locally as Florence Graham Island. It has been owned by the Spangenberg Family Trust since 2004 and has remained undeveloped and left to its natural state with very little use by the owners. There is no evidence it has ever been developed, though it has been subject to ownership by multiple

parties over time, the oldest owner of record being Florence Graham in 1944. See Attachment A for location and vicinity information and Attachment D for property aerial imagery.

The property did not have a zoning designation on the 1986 Official Zoning Map, though it was recognized as a legal parcel by the Beaufort County Register of Deeds. In the 1996 Official Zoning Map, the property was assigned to the Conservation (CON) District due to the property's natural state and location within the environmentally sensitive tidal marsh system in Old House Creek. The property remained in the CON District when the current zoning map was adopted in 2014. See Attachment B for a vicinity zoning map and Attachment C for the CON District use table.

Adjacent and to the west are three other islands. See Attachment A.

- 1. Simmons Island, zoned CON, 2.61-acres, and undeveloped;
- 2. Sunset Island, zoned CON, 1.44-acres, and developed around 2013 with boardwalk access from the nearest adjacent single-family property, a dock and an open air pavilion; and
- 3. 1 Old House Cay, zoned RSF-3, consisting of one larger island and two smaller islands, approximately 3 acres total in size. The islands were developed around 2006 with one single family home, a lookout tower, boardwalks, and a dock facility.

The CON District allows three uses: boat ramps; docking facilities; and marinas. The LMO defines a boat ramp as a facility to launch and retrieve recreational boats from a trailer. The LMO defines a docking facility as a structure built over or floating on the water used as a landing place for boats or other marine transport, fishing swimming, and other recreational uses. Docks may include boat houses, seating areas, gazebos, boat lifts, and storage facilities. The CON District has no maximum density, building height, or maximum impervious lot coverage.

Land Management Ordinance Section 16-4-102.B.10.a, Use Specific Conditions for Principal Uses, specifies that boat ramps, docking facilities, and marinas in the CON District shall be associated with an approved use in the adjacent zoning district. Since the island can only be accessed by boat and the property owners do not own property adjacent to the subject property, they are precluded from developing the island. In order to develop the island with docking facilities and a "modest fish camp" as proposed, the property would need to be rezoned. The applicant has requested that the island be rezoned to the lowest impact residential zoning district, RSF-3.

In Attachment G, the applicant defines a "modest fish camp" as consisting of a wooden free standing structure, built upon wooden or concrete piers, not to exceed 1,500 sq. feet, with possible interior walls for a kitchen, living room, bathroom, or one or more bedrooms or bunkhouses. It would be serviced by a cistern and an approved septic tank or other approved facility. Currently, the property is undeveloped, but the applicant intends to construct a docking facility in the future. The docking facility would consist of a small floating dock, a wooden walkway to the property, and a platform connecting the floating dock and walkway. All construction of both the docking facility and the fish camp would be subject to approval by the appropriate regulatory agencies.

The RSF-3 District permits single-family uses, which includes accessory uses such as recreation and hobbies, and docking facilities, to which a fish camp would be most closely related. The purpose of this district is to discourage any use that would be detrimental to the quiet residential nature of single family neighborhoods. Other uses permitted in RSF-3 District are: government uses (with conditions); major utilities (by special exception); minor utilities; public parks; religious institutions; telecommunications antenna and telecommunications towers (with conditions); agricultural uses and boat ramps; and docking facilities and marinas (with conditions).

The RSF-3 District permits 3 dwelling units per acre or 6,000 square feet of nonresidential use. The maximum building height permitted in the RSF-3 District is 35 feet. The maximum impervious lot coverage for non-residential development is 35 percent. There is no maximum impervious lot coverage for residential developments.

Currently and proposed, access to the subject property is by boat. No utilities are available other than

electric, which can be installed with required permits and easements. Per the Town's Fire Chief, Fire Rescue has no capability to immediately access the subject property via boat. Fire Rescue and their E911 Center would coordinate with other local agencies to respond as timely as possible to emergency incidents at this location based on current capabilities and resources.

Applicant's Grounds for ZMA

The Spangenberg Family Trust is pursuing a zoning map amendment to rezone the subject property to facilitate their use of the island as a "modest fish camp" for limited overnight stays. Committed to the preservation of the natural beauty of the property, the development would entail self-sustaining facilities and utilities (as permitted by regulatory providers) so the property owners, guests and invitees can enjoy the use of the land with minimal impact to the environment. The applicant states that no improvements to the property would be visible from the nearest adjacent single-family properties.

Currently, the subject property is rarely ever visited or used and has no shelter or docking facility, which are not permitted per the conditional uses for the CON District. See Attachments F and G for a narrative, exhibits, and the definition of a "modest fish camp" provided by the applicant. The proposed change in zoning will increase the density and the number of permitted uses on the subject property.

- 8. Per LMO 16-2-102.E.2, the LMO Official shall post conspicuous notice of the public hearing on or adjacent to the land subject to the application no less than 15 days before the hearing date, with at least one notice being visible from each public thoroughfare that abuts the subject land.
- 9. The LMO Official posted on May 21, 2018 conspicuous notice of the public hearing in four locations on the Spanish Wells Road right-of-way as Town staff does not have direct access to the subject property.

Conclusions of Law:

1. The application was submitted in compliance with LMO 16-2-103.C and Appendix D-1.

- 2. The LMO Official scheduled the public hearing of the application for the June 6, 2018 Planning Commission meeting, in compliance with LMO 16-2-102.E.1.
- 3. Notice of the public hearing was published 17 calendar days before the meeting date, in compliance with LMO 16-2-102.E.2.
- 4. The applicant did not mail notices due to there being no properties within 350 feet of the subject property. The applicant did, however, notify the two closest neighborhood POAs.
- 5. The LMO Official posted conspicuous notice of the public hearing 16 calendar days before the hearing date, in compliance with LMO 16-2-102.E.2.

As set forth in LMO 16-2-103.C.2.e, Zoning Map Amendment (Rezoning) Advisory Body Review and Recommendation, the Commission shall consider and make findings on the following matters regarding the proposed amendment.

Summary of Facts and Conclusions of Law

Criteria 1: Whether and the extent to which the proposed zoning is in accordance with the Comprehensive Plan (LMO 16-2-103.C.3.a.i):

Findings of Fact:

The Comprehensive Plan addresses this application in the following areas:

Community Facilities Element

Implication for the Comprehensive Plan – 6.5 Utilities

- Adequate water service should be provided for both domestic use and fire and safety purposes.
- Adequate sewer service should be provided Island-wide to improve public health, safety and welfare, reduce detrimental impacts of the Island's environment and accommodate growth and redevelopment.

Goal 6.5 – Utilities

- B. To provide adequate water service for both domestic use and fire safety to all areas of the Island.
- E. To have sewer service Island-wide.

Goal 6.6 – Public Safety

B. To provide Fire and Rescue and Emergency Management services to Island residents and visitors.

Land Use Element

Implication for the Comprehensive Plan – 8.5 Land Use Per Capita

• It is also important that the portion of each land use classification is supported and sustainable in terms of infrastructure and natural resources to ensure a high quality of life that contributes to the character defining features of our community.

8.11 Goals and Implementation Strategies

- 1. Insure that future land uses do not adversely impact the environment through better oversight in the placement of structures in environmentally sensitive areas and through better stormwater management techniques.
- 5. Provide better emergency preparedness and reduce vulnerability based on the utility of land. Goal 8.1 Existing Land Use
- A. To have an appropriate mix of land uses to meet the needs of existing and future populations.
- B. To maintain the character of the Island while insuring adequate infrastructure is in place and balancing land conservation to meet future needs.

Goal 8.4 – Existing Zoning Allocation

A. An appropriate mix of land uses to accommodate permanent and seasonal populations and existing market demands is important to sustain the Town's high quality of life and should be considered when amending the Town's Official Zoning Map.

Goal 8.10 – Zoning Changes

A. To provide appropriate modifications to the zoning designations to meet market demands while maintaining the character of the Island.

Conclusions of Law:

- 1. This application is **not consistent** with the Comprehensive Plan, as described in the Community Facilities and Land Use Elements as set forth in LMO Section 16-2-103.C.3.a.i.
- 2. The proposed rezoning would allow the development of a residence on a parcel that cannot be served by water and sewer utilities, which is inconsistent with the goals of the Community Facilities and Land Use Elements.
- 3. The proposed rezoning would allow the development of a residence on a parcel that cannot be served by Fire and Rescue and Emergency Management services, which is inconsistent with the goals of the Community Facilities and Land Use Elements.
- 4. The proposed rezoning would allow the development of a residence on a parcel that is located in an environmentally sensitive area, which is inconsistent with the goals of the Land Use Element.

Summary of Facts and Conclusions of Law

Criteria 2: Whether and the extent to which the proposed zoning would allow a range of uses that are compatible with the uses allowed on other property in the immediate vicinity (LMO 16-2-103.C.3.a.ii):

Findings of Fact:

- 1. While the subject property is an island surrounded by tidal marsh, the properties adjacent to the island are zoned CON, RSF-3, RM-4 (Low to Moderate Density Residential), and PD-1 (Planned Development Mixed-Use).
- 2. The proposed rezoning to RSF-3 will permit a variety of use types: single-family; government uses (with conditions); major utilities (by special exception); minor utilities; public parks; religious institutions; telecommunications antennas and telecommunications towers (with conditions); agricultural uses and boat ramps; and docking facilities and marinas (with conditions).
- 3. The RM-4 District principal uses include all the uses permitted within the RSF-3 District.
- 4. The CON District permits boat ramps, docking facilities, and marinas with conditions.
- 5. The PD-1 District principal uses are restricted by approved PUD Master Plans and associated texts. The closest PD-1 District to the subject property is Oakview, a single-family residential subdivision in Indigo Run.

Conclusions of Law:

- 1. This application meets the criteria in LMO 16-2-103.C.3.a.ii.
- 2. The proposed rezoning will allow a range of uses that are compatible with the uses allowed on other property in the vicinity.
- 3. The uses that would be allowed on the subject property as a result of the rezoning will be compatible with the uses on the adjacent CON, RSF-3, RM-4, and PD-1 zoned parcels.

Summary of Facts and Conclusions of Law

Criteria 3: Whether and the extent to which the proposed zoning is appropriate for the land (LMO 16-2-103.C.a.iii):

Findings of Fact:

- 1. Even though the applicant proposes to construct a "modest fish camp," the proposed rezoning will allow all the uses listed in the RSF-3 District.
- 2. The island is currently zoned CON due to its location surrounded by tidal marsh, having a small upland area, and being ecologically and environmentally sensitive.
- 3. Many of the uses permitted within the RSF-3 District could negatively impact an island of this size in an environmentally sensitive area.

Conclusions of Law:

- 1. This application does not meet the criteria in LMO 16-2-103.C.a.iii.
- 2. The proposed zoning is not appropriate for the land because some of the uses permitted within the RSF-3 District would negatively impact the environmentally sensitive tidal marsh environment where the subject property is located.

Summary of Facts and Conclusions of Law

Criteria 4: Whether and the extent to which the proposed zoning addresses a demonstrated community need (LMO 16-2-103.C.a.iv):

Finding of Fact:

1. The subject property is a privately owned island surrounded by tidal marsh that would be developed for the use only by the property owners, guests, and invitees.

Conclusions of Law:

- 1. This application **does not meet the criteria** in LMO 16-2-103.C.a.iv.
- 2. A privately owned island does not provide public access or services for the community and therefore would not meet any demonstrated community need through rezoning.

Summary of Facts and Conclusions of Law

Criteria 5: Whether and the extent to which the proposed zoning is consistent with the overall zoning program as expressed in future plans for the Town (LMO 16-2-103.C.3.a.v):

Findings of Fact:

- 1. The subject property has remained undeveloped in a natural state and is zoned CON.
- 2. Per LMO 16-3-103.B, the purpose of the CON District is to preserve and protect environmentally sensitive tidal wetland and beachfront lands subject to natural hazards by ensuring these areas accommodate very low density development that minimally disrupts the natural features or systems.
- 3. The Town does not have future plans to permit the development of lands within the CON District.

Conclusions of Law:

- 1. This application does not meet the criteria in LMO 16-2-103.C.3.a.v.
- 2. The proposed rezoning is not consistent with the overall zoning program as expressed in future plans for the Town.

Summary of Facts and Conclusions of Law

Criteria 6: Whether and the extent to which the proposed zoning would avoid creating an inappropriately isolated zoning district unrelated to adjacent and surrounding zoning districts (LMO 16-2-103.C.3.a.vi):

Findings of Fact:

- 1. Old House Cay Island is a cluster of three islands approximately 3 acres in total area surrounded by tidal marsh and the Calibogue Sound located approximately 1/3 of a mile from the subject property.
- 2. Old House Cay Island is zoned RSF-3 and developed with a single family home, an observation tower, boardwalks, and a docking facility.
- 3. The proposed zoning for the subject property is RSF-3, like Old House Cay Island.

Conclusions of Law:

- 1. This application meets the criteria in LMO 16-2-103.C.a.vi.
- 2. Due to the nearby proximity of another parcel in the RSF-3 District, the proposed rezoning would not create an inappropriately isolated zoning district that is unrelated to adjacent and surrounding zoning district.

Summary of Facts and Conclusions of Law

Criteria 7: Whether and the extent to which the proposed zoning would allow the subject property to be put to a reasonably viable economic use (LMO Section 16-2-103.C.3.a.vii):

Findings of Fact:

- 1. The subject property as proposed to be rezoned will allow a variety of uses, including the proposed fish camp development. By rezoning to RSF-3, it will be made available for development by the property owners, who currently are unable to develop their property due to the CON District regulations.
- 2. The property owners do not own land on nearby adjacent single-family property in close proximity to the subject property. Rezoning would permit them to develop a viable use for their enjoyment of the property. With no shelter, it is currently rarely used or visited.

Conclusions of Law:

- 1. This application meets the criteria in LMO Section 16-2-103.C.3.a.vii.
- 2. The rezoning of the subject property would allow it to be put to a reasonably viable economic use.

Summary of Facts and Conclusions of Law

Criteria 8: Whether and the extent to which the proposed zoning would result in development that can be served by available, adequate, and suitable public facilities (e.g. streets, potable water, sewerage, stormwater management) (LMO Section 16-2-103.C.3.a.viii):

Findings of Fact:

- 1. There is no infrastructure currently in place on the property.
- 2. The property owners plan to access the island only by boat.
- 3. No water or sewer service is available.
- 4. Electric service would be available if all permit and easement requirements are met.
- 5. The property owners propose a self-sustaining development that will not require public facilities or services.
- 6. Hilton Head Island Fire and Rescue has no capability to immediately access the subject property via boat. Fire Rescue and the Town E911 Center would have to coordinate with other local agencies to respond as timely as possible to emergency incidents at this location based on current capabilities and resources.

Conclusions of Law:

- 1. This application does not meet the criteria in LMO 16-2-103.C.3.a.viii.
- 2. The proposed rezoning would result in development that cannot be served by all typically available, adequate and suitable public facilities for properties in the Town of Hilton Head Island.

Summary of Facts and Conclusions of Law

Criteria 9: Is appropriate due to any changed or changing conditions in the affected area (LMO Section 16-2-103.C.3.a.ix):

Findings of Fact:

- 1. The property is not subject to changing conditions other than the property owners' desire to use the island as a "modest fish camp."
- 2. The more recent development of single family homes within the Silver Moss and Tansyleaf subdivisions adjacent to the subject property are not construed as changing conditions that warrant rezoning property surrounded by tidal marsh.

Conclusions of Law:

- 1. This application does not meet the criteria in LMO Section 16-2-103.C.3.a.ix.
- 2. The subject property has never been developed, is surrounded by tidal marsh, and is not subject to changing conditions in the area.
- 3. The uses allowed by the proposed zoning district are not appropriate or needed due to any changing conditions in the affected area.

LMO Official Determination

Staff determines that this application is inconsistent with the Comprehensive Plan and does not serve to carry out the purposes of the LMO as based on the Findings of Fact and Conclusions of Law as determined by the LMO Official and enclosed herein.

Staff recommends that the Planning Commission recommend **DENIAL** to Town Council of this application.

Note: If the proposed amendment is approved by Town Council, such action shall be by <u>ordinance</u> to amend the Official Zoning Map. If it is denied by Town Council, such action shall be by <u>resolution</u>.

Proposed Zoning Map Amendment Spangenberg Family Trust u/a/d 3/6/1997

NARRATIVE OF INTENT

PROPOSED ZONING AMENDMENT FOR

TMS R510-010-000-0362-0000-00

Beaufort County, South Carolina

April 25, 2018

- <u>PURPOSE</u>: The Spangenberg Family Trust u/a/d 3/6/1997 ("Trust") seeks approval on a Zoning Map amendment for Florence Graham Island, consisting of approximately 1.1 acres, located 499.73 feet from the Cemetery at Oak Marsh Subdivision (TMS No.: <u>R510-010-000-0362-0000-00</u>) ("Property"), to allow for the construction of a modest fish camp under Residential Single Family 3 District ("RSF-3"). It is the Trust's understanding and belief that RSF-3 is the least impactful zoning district that would allow the Trust to construct its fish camp. The Trust is committed to the preservation of the natural beauty of the Property and would hold firmly to its commitment when constructing the fish camp. None of the improvements to the Property would be seen from the mainland and the minimal lighting necessary for the fish camp will be shielded from the mainland.
- <u>SITE</u>: The Property is a 1.1 acre Island, located off the coast of the Cemetery at Oak Marsh Subdivision and is accessible only by watercraft. The Trust has owned and cared for the Property since 2004. The Property is currently zoned for the Conservation District under the Hilton Head Island Land Management Ordinance. (See Exhibit 1 - Hilton Head Island Zoning Map 2017).
- <u>SURROUNDING LAND USES</u>: The Property is surrounded is surrounded by three other islands: (1) TMS R510-010-000-0632-0000 ("632"); (2) TMS R510-010-000-0231-0000 ("231"); and (3) R510-010-000-0361-0000 ("361"). Two of these islands, 632 and 361 contain structures, and 361 is already zoned RSF-3. Additionally, the Property is located 499.73 feet from Oak March Subdivision which is currently zoned RM-4. (See Exhibit 2 Google Maps Image).

ANALYSIS OF ZONING CHANGE:

Standard: The proposed amendment is in accordance with the Comprehensive Plan and is consistent with the overall zoning program as expressed in future plans for the Town:

The Comprehensive Plan is a document created to guide the future growth and development of the community. The proposed amendment is consistent with the overall intent of the Comprehensive Plan and the Town's future plans.

The proposed amendment:

- Provides a pattern of land use that is consistent with the surrounding land uses.
- Contributes to the Town's goal of being a sustainable community with a diversified tax base to support Town facilities and services.

- Continues to preserve and enhance the natural features of the Property by providing very limited development on the Property consistent with the surrounding islands.
- Two of the surrounding islands have similar limited developments. (See Exhibit 2 361, 632).

Standard: The proposed amendment would allow a range of uses that are compatible with the uses allowed on other property in the immediate vicinity and would avoid creating an inappropriately isolated zoning district unrelated to adjacent and surrounding zoning districts.

The proposed amendment would allow the Trust to use the Property in a way that is compatible with the uses of other properties in the immediate vicinity. One of the islands surrounding the Property is currently zoned RSF-3 and two of these islands already contain structures. (See Exhibit 2 - 361, 632). Additionally, the Property is located 499.73 feet away from the Oak Marsh Subdivision. The Subdivision is zoned RM-4 and contains many residential houses. Thus, the proposed amendment would avoid creating an inappropriately isolated zoning district unrelated to adjacent and surrounding zoning districts.

Standard: *The proposed amendment is appropriate for the land:*

As the Property is only accessible by watercraft, zoning the Property to RSF-3 to allow for the construction of a modest fish camp is appropriate for the land. It would allow the Trust to have overnight access to the Property and to enjoy the natural features offered by the Property.

Standard: The proposed amendment addresses a demonstrated community need:

Amending the Property's zoning to RSF-3 in order to allow the Trust to construct a fish camp would provide the Property's users with a unique opportunity to enjoy our local nature and wildlife in a preserved and natural setting.

Standard: *The proposed amendment would allow the subject property to be put to a reasonable viable economic use:*

Zoning the Property RSF-3 and allowing the Trust to construct a fish camp would allow the Property to be used by the Trust, its guests, and its invitees for limited overnight stays. Currently with no shelter, the Property is never used and very rarely visited.

Standard: *The proposed amendment would result in development that can be served by available, adequate, and suitable public facilities:*

The Property is located 499.73 feet from the mainland of Hilton Head Island. The Trust is not asking for public utilities to be brought to the Island, but instead intends to be self-sustainable, providing its own potable water (brought in by boat), power (solar panels, wind generator, and batteries), and waste disposal (incinerator, septic tank, or other approved disposal method) with the approval of OCRM, DHEC, and other regulatory bodies. This intention is appropriate for the location and natural features of the Property.

Standard: *The proposed amendment is appropriate due to any changed or changing conditions in the affected area:*

Two of the surrounding islands has been improved in a similar fashion to the fish camp intended to be constructed by the Trust. Thus, this use of the Property is consistent and appropriate with the changing zoning conditions of the surrounding islands.

Accordingly, the Trust respectfully asks that its proposed zoning amendment be granted, and the Property be zoned RSF-3 to allow the Trust to construct a modest fish camp in order to enjoy the natural beauty of the Property.

Respectfully,

Janet L. Spangenberg Trustee of the Spangenberg Family Trust u/a/d 3/6/1997

and

Lauren P. Williams Russell P. Patterson, P.A. P.O. Box 8047 Hilton Head, SC 29938 (843)341-9300 lauren@russellpattersonlaw.com

Proposed Zoning Map Amendment

Spangenberg Family Trust u/a/d 3/6/1997

DEFINITION OF "MODEST FISH CAMP"

PROPOSED ZONING AMENDMENT FOR

TMS R510-010-000-0362-0000-00

Beaufort County, South Carolina

May 21, 2018

The term "Modest Fish Camp" as used throughout our Narrative, can be defined as follows: A traditional fish camp structure is envisioned for the property. This would consist of a wooden free standing structure, built upon wooden or concrete piers, not to exceed 1,500 sq. feet, with possible interior walls for a kitchen, living room, bathroom, or one or more bedrooms or bunkhouses. The camp would be serviced by a cistern and an approved septic tank or other approved facility. There will be no impervious structures (i.e. concrete foundation, driveway, or sidewalks) as part of the structure. The Modest Fish Camp would be similar to the structure on a nearby island (TMS No. R510-010-000-0361-0000) and/or the attached photo.

As discussed in our Narrative, the Property is accessible only by boat. Currently, the Property has no docking facility, but the Trust intends to construct a docking facility in the future. This docking facility would consist of a small floating dock, a wooden walkway to the Property and a platform connecting the floating dock and walkway. All construction of both the docking facility and the modest fish camp would be subject to approval by the appropriate regulatory bodies.

WHEREAS, it is the intent of the parties that the term "Development Agreement" as used herein shall include the Development Agreement as defined herein above as well as any amendments or modifications thereto, which shall specifically include the Amended and Restated Development Agreement for Shelter Cove Mall referred to herein above.

NOW, THEREFORE, for and in consideration of the sum of Ten and 00/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Developer and the Town do hereby agree as follows.

1. Terms which are defined or otherwise referenced in the Development Agreement shall carry their meanings into this Park Management Plan. Specifically, "Community Park" is certain property defined and more particularly described in the Development Agreement.

2. <u>Generally</u>. 3. Process to Avoid Use Conflicts Between Developer and the Town.

(a) The parties acknowledge and agree that the Schedule set forth in Article 4 below shall be the yearly anticipated schedule established to avoid use conflicts in connection with the Community Park.

(b) Additional events and activities will be coordinated as follows. The Developer will meet with the Town Manager of the Town (or his/her designee(s)) on an annual basis (or as otherwise reasonably necessary in the discretion of the Town Manager of the Town) to establish an anticipated calendar of events for the following year and/or to place additional events on the year's calendar. The purpose of the meeting(s) shall be to avoid use conflicts in connection with the Community Park. In the event that there is a use conflict, the Town Manager of the Town (or his/her designee) will make the final determination(s), including but not limited to establishing the schedule for the following year in his/her sole discretion. In the event a decision needs to be made prior to a meeting of the Developer and Town Manager of the Town (or his/her designee(s)), such decision may be rendered by the Town Manager of the Town (or his/her designee(s)) via electronic mail or other written correspondence.

4. Schedule.

(a) The parties recognize that due to the proximity of the Community Park to shopping centers and the location of other community events, both the Developer and the Town have an interest in utilizing the Community Park. The parties also recognize that the Community Park is a Town-owned parcel for use by the general public and as a host parcel for community-wide events sponsored by the

Hilton Head Island Recreation Association, Inc. As such, the Town agrees that it will use its best efforts in good faith to avoid scheduling events on the following dates within the Community Park:

(i) the Friday and Saturday after Thanksgiving; and

(ii) the annual Art Festival at Shelter Cove in May.

It is acknowledged and agreed between the parties that this Article 4(a) shall not apply to events listed in Article 4(b) below.

(b) Certain events which are sponsored by the Hilton Head Island Recreation Association, Inc. shall have priority over other scheduled events. These currentlyanticipated events include, but are not limited to:

- (i) Snow Day;
- (ii) Wingfest;
- (iii) Seafood Festival;
- (iv) Easter Extravaganza;
- (v) Taste of Hilton Head Festival;
- (vi) Fourth of July festival/celebration event;
- (vii) Gullah Art Festival;
- (viii) Burgers and Brew Festival;
- (ix) Pumpkin Patch;
- (x) Oyster Festival; and
- (xi) Winter Wonderland.

(c) The Schedule set forth in this Article 4 is included for purposes of setting forth general guidelines for scheduling events within the Community Park. The

Page 4 of 12

Town agrees to use its best efforts in good faith to avoid scheduling events during days/times which would place an undue burden on both the general public as well as patrons of the Developer, such as during peak parking times in the area(s) including and surrounding the Community Park (i.e. Black Friday, Saturdays from Memorial Day through Labor Day, etc.). However, the parties recognize that the Town, as owner and operator of the Community Park, may schedule events within the Community Park on any day/time in the Town's discretion.

5. <u>Payment of Fees</u>. Developer will not be bound by the Fee Schedule for usage of the Community Park as described in the MOU, but is bound by all other requirements relative to the Community Park. Notwithstanding the foregoing, tenants of commercial units within the Mall Tract shall be bound by the Fee Schedule as described in the MOU.

6. <u>Usage of Park Elements</u>. With the exclusion of the events approved in accordance with Article 3 above or listed in Article 4(b) above, no one entity may reserve or restrict access to the entire Community Park, nor will multiple entities be able to reserve or restrict access to all elements of the Community Park, at any one time. Individual elements/structures of the Community Park may be reserved so long as the general public continues to have access to the Community Park in general.

7. <u>Tenant Priority for Events</u>. Tenants of commercial units within the Mall Tract shall have a priority right to be included in events sponsored by Hilton Head Island Recreation Association, Inc. Town Council
Hilton Head Island Recreation Association
Tennis Operation Plan

As requested in Article 2-2.03 of the agreement between the Town of Hilton Head Island and the Island Recreation Association for the management of the Town's Tennis facilities, below you will find the Association's Operation Plan.

a). Hours of Operation of Chaplin Tennis Courts and Cordillo Tennis Courts;

Chaplin Courts: 7:00 am until 10:00 pm

Cordillo Courts: 7:00 am until sunset

Chaplin Courts are lighted and have timing systems to control the lights in the evening hours.

b). Method for Scheduling Play at Chaplin Tennis Courts and Cordillo Tennis Courts. The Association scheduling process is to create balance between the use of the general public and scheduled programs and events. General public use at Chaplin Park will be one court available eight hours a day with the exception of tournaments, league play or community tennis event, which are scheduled two weeks in advance. Notices will be posted at the courts and on the Association's website informing the public on open play times. For all tournament play, the sponsor shall provide an on-site supervisor to coordinate the tournament and assist the public.

Chaplin Courts: The Association shall schedule play on these tennis courts. The Association shall provide regular times for open play on a first come-first serve basis. The Association shall attempt to schedule tennis lessons, tennis leagues, tournaments and other tennis related events on these courts. The Association shall post the court schedule on site and update the schedule regularly.

Cordillo Courts: There shall be no advance daily scheduling of these courts, except for tournament play. The Association shall allow play on these courts to be on a first come-first serve basis. The Association shall allow these courts to be used for tennis tournaments and other tennis related activities. When tennis tournaments and other tennis related activities are scheduled on these courts, the Association shall ensure proper signage is installed in advance so that the tennis playing public will have sufficient notice of the events.

c.) Permitted Activities:

The Executive Director along with the Association's Tennis Manager shall approve all scheduling of the tennis facilities

All tennis related programs and events shall be permitted only upon prior approval by the Association's Executive Director. These programs may include tennis lessons for children and adults, tennis leagues, tennis exhibitions, tournaments and community tennis days.

The following requirements must be met in order to be considered for permitted tennis activities at Chaplin and/or Cordillo Tennis Courts:

- 1) Must provide certificate of liability insurance naming both the Town of Hilton Head Island and the Hilton Head Island Recreation Association as additional insured 30 days before usage. Must provide proof of workers comp insurance policy covering all employees 30 days before usage.
- 2) Must provide proof of a Town business license, if required and all other permits must be in good standing with the Town of Hilton Head Island.
- 3) Must provide a job description outlining the details of the duties for an onsite supervisor for the tennis courts. Description will be approved by the Association. Must provide an on-site supervisor to be at the courts 30 minutes before each scheduled usage and remain during all matches. The supervisor must be a certified tennis professional in good standing and copy of this certificate must be provided to Association prior to usage of the courts.
- 4) Must be able to demonstrate the ability to work with all users of the facilities to create a balance between public use and programmed activities.
- 5) Must demonstrate the ability to pay for the use of the facilities within 10 business days of the conclusion of use.

Due to the high demand for court time in the month of March, the Association, when necessary will solicit proposals from organizations which may be considering hosting a multi-day tournament at these facilities. The Request for Proposals process will be conducted in a manner consistent with the Town Code and is expected to occur in September of the each year. The applicant must fulfill the above requirements along with being able to demonstrate the ability to manage similar events and provide for health, safety, and welfare of the players and spectators. The RFP will require organizations using the Cordillo Tennis Courts to provide temporary restroom facilities on-site for the duration of the tournament.

d.) Plan for Maintenance:

The Town maintenance shall be done on a daily basis. Debris shall be blown from the courts and the surrounding infrastructure. The bathrooms shall be inspected and cleaned at the Chaplin tennis facility.

The Association will check on a regular basis the windscreens and tennis nets, securing them as needed. Lights shall be inspected on a regular basis in the evening to ensure they are operating properly. All trash shall be picked up routinely to ensure the facilities appear in a neat and clean manner at all times.

The Association shall work with community volunteers to assist the Association, as needed, with the operation of the courts in the evening hours and with the Town and County on the maintenance of the tennis courts.

e.) Plan for Safety Inspections:

The Tennis Manager, along with the maintenance staff, shall perform inspections of the tennis facilities for safety issues.

f.) Security and Safety Protocols:

The Association shall work with the Beaufort County Sheriff's Office, Beaufort County PALS, the Town Facilities and Association staff, and the tennis playing public in order to provide a level of vigilance and security for these tennis facilities. If an issue arises, depending on the level of concern, people shall be encouraged and advised to call either 911 for assistance by BCSO or to contact the Island Recreation Association main office number for assistance with their concern.

g.) Staffing

The Association shall employ an individual who shall be responsible for the day-to-day management and implementation of programs at both tennis courts. The Tennis Manger shall be responsible for the hiring of staff and shall be assisted by seasonal part-time tennis instructors, as well as community volunteers. The Tennis Manager shall work with the maintenance staff of the Association to coordinate daily maintenance of the tennis facilities.

h.) Additional matters material to the operation of the Chaplin Tennis Courts and Cordillo Tennis Courts.

The Association shall provide an annual budget to the Town of Hilton Head Island, which shall outline the operation and facilities needs of the tennis courts. The budget shall be approved by the Association's Board of Directors, along with the Town's Parks and Recreation Commission.

- **RE:** Addendum to Memorandum of Understanding with The Sandbox: A Hilton Head Areas Children's Museum Inc.
- Date: January 18, 2018

Based on the Town and the Sandbox desire for the Sandbox to operate a children's museum in the proposed community park at 80 Pope Ave and delays in construction due to recovery efforts from Hurricane Mathew it is necessary to revise the term of the current contract.

The term of the current Memorandum of Understanding ends on Sept 19, 2018 if either side does not meet its obligations. Based on the uncertainty surrounding construction delays for the park the town may not meet its obligations by this date. Therefore, it is recommended that the contract be extended to September 19, 2020.

18	Near a Point Comfort Road is a wildlife sanctuary. Also Cologne center has a garbage center that stinks as you walk to Frosty Frog from Piggly Wiggly side. It will attract mice and rats because it has garbage smells and filthy water that you must walk over. The 2 stahl bathroom is inadequate and the owners need to expand and clean that too. Many times there are broken tiles, roaches and a mess due to inadequate toilet tissue. Owners of that shopping center are multi millionaires and yet force businesses to do roof and all other maintenance. Owners of Cologne also make businesses show books during high season and charge extra but they don't provide simple maintenance. Parking and maintenance is shabby and there's not enough seating for seniors. We would like information on it as it was closed after Hurricane Matthew. Also info on what trees to plant as we lost 24 in Hurricane Matthew.	2/7/2018 12:31 PM

61 Would love to see an indoor track and indoor pool facility. Multiple gyms to increase the number of age group athletes to be able to participate in programs like rec basketball. More opportunities for the 30-50 age group - exercise classes at times that we can participate. Indoor track and workout gym where parents could exercise while their children practice.

3	My kids only went for one day because they did not like it. It was mostly related to the language used by the students, which I know is hard to manage with such a large group of kids. So for our family it wasn't a good fit.	8/16/2017 6:45 AM
4	Not so much displeased just not so happy. For the most part it was fine but my child barely wanted to go to camp because he said it was like school and his counselors were mean.	8/14/2017 4:22 PM

11	No	8/15/2017 9:03 AM
12	No I'm happy	8/14/2017 4:54 PM
13	Just a little less strict and a little more fun so they'll actually want to go	8/14/2017 4:22 PM
14	When someone other than parent that usually picks up child is picking up, it would be good for them to have their ID checked. no issues happened, but it was noted when I had someone else pick up my kids and they said they were not checked for ID	8/14/2017 2:58 PM
15	I would like to see more day to day updates on their daily activities.	8/14/2017 2:48 PM
16	No, love the field trips days!	8/14/2017 1:19 PM
17	Better sunblock application throughout the day.	8/14/2017 12:36 PM
18	No	8/14/2017 10:44 AM
19	Would be great if challenge campground the same days as regular camp.	8/14/2017 10:31 AM
20	Even though the actual rec was closed I thought it was going to be a difficult transition but I think the staff did a great job of making IB comfortable for the kids.	8/14/2017 9:54 AM
21	I would love to see a counselor walk the child to the build once the parent arived	8/14/2017 9:51 AM
22	My kids are not at the Rec Center as much as most. We live in Bluffton, so the after school care isn't an option. But I've felt that you offer a great program with flexibility which is difficult to find around here and really appreciated. However, I don't feel like I get to know the counselors that are dealing with my children and I hear a lot of stories at the end of each day. I try to take them with a grain of salt because I know that some things are blown out of proportion. But after water day on Friday, my son's eye swelled up as the afternoon progressed and obviously had been distressed. He says that one of the boys was shooting him in the eye with a hose and while I don't know if it was 100% accurate, this was quite obvious that something went on and I never heard about it from staff. I feel like there could be more communication. I've taken one situation to the counselors where my son felt like he was being threatened and it did seem to be handled and he didn't have any issues with that boy again all summer as far as I know. I try to give the benefit of the doubt, but I'm starting to question some of the counselors behaviors and maybe more communication directly from them would help.	8/14/2017 9:48 AM

Summer Camp 2017

23	Based on my child's concerns, she did not like being outside in the hot sun all day long during the summer. Seems like more breaks and indoor activities may have made her happier. Also the bugs bothered her outside. I would recommend breaking up the swim groups if possible, because she also said that the other swimmers would splash and kick her constantly when she tried to swim because everyone was trying to stay in the shallow area. Reminding the younger kids to keep their belongings together and not forgetting them at field trip locations would be ideal as well.	8/14/2017 9:46 AM	
24	The only thing I wasn't 100% pleased with was the sunscreen application during the field trip to Splash in the Boro. They should have been applied more often, my son was sunburned.	8/14/2017 9:44 AM	
25	My kids complained about it being too crowded and no privacy in the bathrooms when they needed to change in and out of swimsuits. Perhaps doing this is smaller groups would be more respectful.	8/14/2017 9:43 AM	
26	New field trips	8/14/2017 9:38 AM	
27	my son said the bathrooms are dirty and he had no privacy	8/14/2017 9:37 AM	
28	My little one (5 yrs) complained about some mean behavior from the other campers. However, he is very sensitive, so I take his comments with a grain of salt.	8/14/2017 9:27 AM	
29	Don't change anything! Thank you so much for a wonderful program!	8/14/2017 9:26 AM

<u>MEMORANDUM</u>

RE:	Hilton Head Public Service District Sewer System Expansion Project Reimbursement Agreement	
DATE:	July 10, 2018	
FROM:	Scott Liggett, PE, Director Public Projects & Facilities	
TO:	Stephen G. Riley, ICMA-CM, Town Manager	

Recommendation: The Hilton Head Public Service District has presented the attached cost reimbursement agreement for the consideration of Town Council. The Public Facilities Committee has reviewed and recommends that Town Council authorize the Town Manager to execute the agreement. Sufficient funding is available in the approved consolidated Municipal Budget Fiscal Year 2019 Capital Projects Fund to support the agreement as written.

Reflective in the agreement is the consolidation and acceleration of the projects previously identified to occur in Years 3, 4 and 5 of the Town sponsored sewer system expansion program.

Summary: The District is representing that the agreement is reflective of the remaining Year 3, Year 4 and Year 5 projects as previously approved by Town Council. The agreement, if executed, would obligate the Town to pay to the District the following actual expenses associated with preliminary design, engineering, site work, construction and other costs for the Town's Projects set forth in years three (3), four (4) and five (5) of the Sewer Plan:

To	tal Construction and Design/Engineering for Years 3-5:	\$2,864,868.01
d)	Projected Design/Engineering Costs:	\$ 90,790.00
c)	Design/Engineering Costs to Date:	\$ 232,012.66
b)	Construction Contingency:	\$ 231,096.85
a)	Construction Cost:	\$2,310,968.50

The complete Year 1 through Year 5 list of projects to be funded by the Town along with updated cost estimates as provided by the District is provided via attachment.

Background: In 2015, Town Council established a cooperative 5 year program with the Hilton Head Public Service District to expand the sewer system within the District's service area with the goal of providing sewer access to all that desired it. Funding for the program is included in the Capital Projects Fund of the Fiscal Year 2019 and is sourced to General Obligation Bonds yet to be issued by the Town.

4. In the event any Party shall fail to comply with its obligations set forth in the Agreement, and such default shall continue for a period of thirty (30) days after written notice of default has been provided by the other Party, then the complaining party shall be entitled to pursue any and all legal or equitable remedies provided under South Carolina law and/or terminate this Agreement. In the event of any litigation enforcing any terms of this Agreement, the prevailing party shall be entitled reimbursement of reasonable attorney's fees, costs and expenses, including those incurred on appeal, from the non-prevailing party.

5. The failure of any Party to insist upon the strict performance of any provision of this Agreement shall not be deemed to be a waiver of the right to insist upon strict performance of such provisions or of any other provision of this Agreement at any time. Waiver of any breach of this Agreement by either party shall not constitute waiver of subsequent breach.

6. If any provision of this Agreement or any obligation or agreement contained herein is determined by a court of competent jurisdiction to be invalid or unenforceable, that determination shall not affect any other provision, obligation or agreement, each of which shall be construed and enforced as if the invalid or unenforceable portion were not contained herein. That invalidity or unenforceability shall not affect any valid and enforceable application thereof, and each such provision, obligation, or agreement shall be deemed to be effective, operative, made, entered into, or taken in the manner and to the full extent permitted by law.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement, in duplicate original, the day and year first above written.
