The grant is requested for four purposes which will enhance tourists' and visitors' experience at Audubon Newhall Preserve, a 50-acre nature preserve, and increase the number of people visiting Newhall and HHI: (1) continue our quest to improve visitors' enjoyment of Newhall (2) expand social media interaction and advertising to attract more people to Newhall, to birding on the Island, and to HH Audubon events (3) cover costs of three larger events planned to attract eco-tourists, (4) reprint birding and event brochures for distribution to tourism centers.

How does the organization/event either drive tourism to Hilton Head Island or enhance the visitor experience on Hilton Head Island? How is this impact being measured? (100 words or less)

HHA maintains a website and Facebook pages providing relevant content, with visitors in mind, including imagery of Lowcountry birds and local/regional birding hotspots. Through our social media and FB advertising, tourists discover how special HHI is as a birding destination and we provide resources to enhance their birding experience. We perform website analytics to track the number and location of site visitors.

Through Newhall we provide visitors easy access to a native maritime forest ecosystem. We maintain a visitor log in which we tally visitors by location, and a people counter to count everyone coming in.

- A. Total Number of Physical Tourists Served: 19293 A Tourist is considered a non-resident, traveling more than 50 miles to the Town of Hilton Head Island.
- B. Total Number of Physical Visitors Served: 236 A Visitor is considered a non-resident, who travels 50 miles or less to visit the Town of Hilton Head Island.
- C. Total Number of Physical Residents Served: 2652 A Resident is considered any person who claims their property address within the limits of the Town of Hilton Head Island as their primary residence.
- D. Total Number of Physical Patrons Served (A+B+C=D): 22181

How was the Number of Visitors/Tourists Documented? (250 words or less)

The number of visitors/tourists includes people visiting Audubon Newhall Preserve, members of HH Audubon, the attendees at "Celebrating Naycha and B'uhds (Nature & Birds)" HHA's day at HMFP's weeklong Juneteenth Celebration, two large events we held this year, the people attending our various bird walks, and the people with whom we spoke at two festivals HHA participated in this summer.

For Newhall Preserve, there is a visitor log where people may note their visitation. We capture the state which they are from or whether they are a local resident. We have visitor log data for the past several years. In June 2023, we added another mechanism to better determine the number of people visiting Newhall -- we installed a people counter, which counts the number of people walking past the welcome kiosk on the main trail. We compared the visitor log sign-in totals to that of the people counter and found that 24.5% of people signed the log in August through December 2023 and 21.5% in January through July 2024. We used these percentages to extrapolate the visitor sign-ins to derive the estimated number of people visiting Newhall, using the percentages of tourists vs. locals as documented in the visitor log. Documentation of our approach is included as an attachment in the Visitor Survey section.

For members of HH Audubon, we used their address per our membership database. We have 190 members who are HHI residents, 73 members in Bluffton, Beaufort etc. who are Visitors and 68 people who reside out of state.

The number of people who attended Nature & Birds, the two large events, and the bird walks is determined based upon review of the event registration address.

For the Outside Foundation's Keep the Broad Creek Clean festival, we asked for the location of the people who stopped by our information booth.

B. DESCRIPTION OF OPERATIONS:

1. For state reporting purposes, give a brief description of the organization. (250 words or less)

Hilton Head Audubon is a leading voice for conservation on the Island and the surrounding Lowcountry working to preserve and protect wildlife and natural ecosystems and to encourage responsible environmental stewardship. Our goals include preservation and protection of our coastal marshes, beaches, maritime forests, and other habitats, ensuring they will be available for the continued enjoyment of residents and visitors, and for their use by migrating and resident birds. We actively partner with state and local leaders (conservation) and the community-at large (membership, communications) to promote a positive, forward-looking agenda for people and wildlife.

We are an all-volunteer membership-driven organization. We own and actively manage the Audubon Newhall Preserve, a 50-acre nature preserve on the south end of the Island. We conduct field trips and bird walks for members and visitors, run both small-group educational meetings and larger community events with a nature conservation focus, provide nature and bird presentations to local community groups, conduct the annual Christmas Bird Count (a citizen-science project), publish a monthly on-line newsletter, maintain a dynamic website that provides resources for birding on the Island, and interact with community and government leaders on conservation issues such as preserving the red-headed woodpecker habitat in Mid-island Tract, the only known breeding spot for this bird on the Island.

2. Describe in detail how the requested grant funding would be used? (250 words or less)

(1) Expand social media interaction/advertising to attract more people to Newhall and to birding on the Island: \$9,900

In 2024, we received \$4,800 for social media interaction/advertising. We had used an intern, but determined a professional contractor was more effective. In 2025, we request an increase to \$8,400 for the higher cost of using a professional.

Targeted advertising on Facebook/Google to promote Newhall/birding on the Island to attract eco-tourists: \$1,500.

(2) Newhall Reserve Improvements: \$5,800

The Newhall Preserve is HHA's primary driver of physical tourists. Yearly, we make improvements to ensure our thousands of visitors enjoy their visits. We request \$2,000 to grind tree roots on the main trail to improve access for wheel chairs and strollers; \$1,300 for bird seed refilling (in 2024 we installed several bird feeders as a pilot program and visitor notes indicate they are greatly enjoyed); \$2,000 for a summer intern to greets visitors and conduct visitor surveys; \$500 to redesign and print posters for our new kiosk

(3) Host three larger events to attract eco-tourists: \$1,500

In 2024, we held two bird-focused events with nationally known speakers. The Purple Haze film presented by director Zach Steinhauser about the conservation of Purple Martins was a huge hit. Bruce Beehler, an ornithologist with the Smithsonian Institution, was also very well attended. Both events were heavily promoted on social media and through Facebook advertising. Based upon our 2024 success, we request \$1,500 for event costs.

(4) Designing/Printing Brochures: \$4,200

We plan to design/print three brochures about birding on HHI. We distribute these brochures to SC visitor centers and at Newhall Preserve. 1) Annual guide to HHA events; 2) New brochure - a HHA information guide; 3) "Where to Bird on HHI" of which 50 remain.

3. What impact would partial funding have on the activities, if full funding were not received? What would the organization change to account for partial funding? *(100 words or less)*

Our grant request is ordered based upon our priorities. If we receive partial funding, we would fund our top priorities first.

If we received less funding, HH Audubon would fund the brochures and larger event deficit with our own funds.

For our social media funding request, we could lessen the hours of the social media consultant or lessen the number of social media campaigns.

4. What is expected economic impact and benefit to the Island's tourism? (100 words or less)

Detail statistics of visitation are provided in the Documentation of Visitors/Tourists attachment included in the Visitor Survey section.

A 2015 study by the U.S. Fish & Wildlife Service showed \$15 billion spent annually on travel for birdwatching: \$4.5 billion for food, \$3 billion for lodging, and \$5 billion for transportation.

The Newhall preserve brings visitors from nearly every state and from several countries -it is a destination for those who enjoy birding and nature.

By increasing our social media presence, we can bring more tourists to HHI and with enhancements to Newhall, we can ensure that they enjoy their visit. 5. In order to comply with the State's Tourism Expenditure Reveiw Committee annual reporting requirements, please classify your current grant request into the following authorized categories:

1 - Destination Advertising/Promotion Advertising and promotion of tourism so as to develop and increase tourist attendence through the generation of publicity.	100	%
2 - Tourism-Related Events Promotion of the arts and cultural events.	0	%
3 - Tourism-Related Facilities Construction, maintenance and operation of facilities for civic and cultural activities including construction and maintenance of access and other nearby roads and utilities for the facilities.	0	%
4 - Tourism-Related Public Services The criminal justice system, law enforcement, fire protection, solid waste collection and health facilities when required to serve tourists and tourist facilities. This is based on the estimated percentage of costs directly attributed to tourist. Also includes public facilities such as restrooms, dressing rooms, parks and parking lots.	0	%
5 - Tourist Public Transportation Tourist shuttle transportation.	0	%
6 - Waterfront Erosion/Control/Repair Control and repair of waterfront erosion.	0	%
7 - Operation of Visitor Information Centers Operating visitor information centers.	0	%
Total:	100	%

6. If not covered elsewhere in the application, please describe (a) how the organization will collaborate with other organizations to enhance tourism efforts, and (b) provide a venue or service not otherwise available to visitors to the Town of Hilton Head Island. *(250 words or less)*

Establishing strong partnerships is necessary to enhance our credibility and effectiveness, achieve our policy goals, increase our visibility and grow our membership.

This year Historic Mitchelville Freedom Park invited HHA to host its own day at HMFP's weeklong Juneteenth Celebration. We named our day: "Celebrating Naycha and B'uhds" (Nature & Birds). For the event, we were joined by seven other conservation groups including Outside Foundation, Sea Turtle Patrol and Lowcountry Master Gardeners. All the invited groups appreciated the synergy of environmental groups banding together to highlight the importance of conservation.

One of our Board members serves on the Board of the new Rotary of HHI Satellite Club of Hilton Head Island-Lowcountry Environmental, allowing ongoing dialogue with other conservation and environmental groups.

We worked with the Boys & Girls Club taking their kids out on bird and nature walks and they also joined us at Celebrating Naycha and B'uhds.

We again partnered with Friends of SC Wildlife Refuges to conduct bird "walks" at

Pinckney Island NWR using the Friends golf cart to transport people out to Ibis Pond who would be unable to walk the one mile to reach the beautiful rookery of breeding birds.

Through the operation of Audubon Newhall Preserve, we provide tourists with a unique, accessible venue to experience the beautiful nature that HHI offers. Throughout the year, our volunteer members host weekly bird and nature walks so that tourists experience a personalized tour of the incredible Preserve.

7. Additional comments. (250 words or less)

HH Audubon has grown significantly in the past two years. Our FY2022 revenue was \$32,500, our FY2024 revenue was \$69,100 and we are budgeting FY2025 revenue to be \$87,800. The past two ATAX grants contributed a great deal to our growth, not only in the dollars we've received from the Town of HHI, but also in the type of funding which has allowed us to attract more tourists and residents to our organization.

We envisioned back 2021 that HHA could be a more vibrant organization, and we've achieved that goal through a larger membership, more volunteer involvement and many more activities of community outreach. We've reached the point where we need to evolve from a completely volunteer organization to hiring a staff/consultant to be our Conservation Coordinator. We are in the process of submitting a grant to the Community Foundation of the Lowcountry to kickstart this effort. To qualify for the CFL grant, we must demonstrate that we have sufficient resources to continue this program after the initial year of funding that CFL provides. We believe we can meet their conditions for funding this new program position due to our increased profitability and our cash and investments on hand.

C. FUNDING:

1. Please describe how the organization is currently funded. (100 words or less)

Hilton Head Audubon is primarily funded through membership dues, donations and grants. We generate some program revenue through field trips and special educational classes. We also receive a yearly allocation from National Audubon.

In past years we received grant funding from National Audubon for specific project needs. We've submitted another grant request about which we will be notified by the end of this year.

^{2.} Please also estimate, as a percentage, the source of the organization's total annual funding.

F. MEASURING EFFECTIVENESS:

If you received 2023 or 2024 HHI ATAX funds

1. List any ATAX award amounts received in 2023 and/or 2024.

2023	\$17,188.00	Audubon Newhall Preserve and Social Media
22024	\$20,100.00	Audubon Newhall Preserve and Social Media

2. How were the ATAX fundsused? To what extent were the objectives achieved? The ATAX Effectiveness Measurement spreadsheet available in the application portal will show the numerics. Use the space below for verbal comments. *(200 words or less)*

As of August 31, 2024, we've spent \$16,675 of the \$20,100 of 2024 ATAX awarded funds.

Newhall Kiosk - We spent all \$9,750 of the awarded funds. The new kiosk is a significant improvement and we've received many positive comments from visitors.

Social Media - We spent \$3,361 of \$6,800 awarded funds. Engagement with both our website and Facebook pages substantially increased. Tourists and visitors to HHI use both sources to discover outdoor birding and nature destinations on the Island. We will spend the remaining funds in the last four months of 2024.

Large Events - We spent all of the \$700 of the awarded funds. Both events were a huge success attracting a combined 176 individuals - Visitors (32%) and Tourists (16%). Both events were widely promoted on social media and through FB advertising.

Newhall Trail Guides - We spent \$3,114 of the awarded funds for 5,000 trail guides of Newhall; several boxes were distributed to the nine SC welcome centers at the April 24th brochure swap organized by SC Department of Parks, Recreation & Tourism.

3. What impact did this have on the success of the organization/event and how did it benefit the community? (200 words or less)

With ATAX funds, we were able to make significant improvements within Audubon Newhall Preserve. The 50-acre pristine nature preserve is a treasure for our Island. HH Audubon has a dedicated core group of volunteers that manage and maintain the Preserve -- weeding, mulching, planting trees and bushes to name just a few activities. They are very proud of the Preserve. Having the Town of Hilton Head's continued support by funding enhancements to the Preserve further strengthens their pride and dedication to ensuring that the Preserve continues to be maintained at a high level so tourists and residents can enjoy this Island treasure.

Additionally, the ATAX funds for social media allowed our communications team to get tools and resources so their efforts are more successful. This has bolstered their ability to achieve their goals of expanding HH Audubon's outreach to a larger, broader audience, attracting more tourists and visitors to the Island.

4. How does the organization measure the effectiveness of both the overall activity and of individual programs? *(200 words or less)*

HH Audubon measures its effectiveness through the following two primary means:

- Number of members. During covid our membership went down significantly . We are trying to gain new members to re-establish our membership base. We currently have 331 members, a 14% increase over the prior year. As an all-volunteer organization we need members to do our important work.
- Number of Visitors to Audubon Newhall Preserve. The Preserve is maintained as a natural area for birds and wildlife, but also for humans to experience this unique natural area. The number of people visiting Newhall reflects our effectiveness in managing and maintaining the Preserve. We had a 7% increase in the number of people signing into the Newhall visitor log from August 2023 to July 2024 vs same prior years' period, which given the overall downturn is tourism is gratifying.

Advance Ruling Period Ends: August 31, 1977

Gentlemen:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

We have further determined you can reasonably be expected to be an organization of the type described in section 509(a)(2). Accordingly, for your first three tax years, you will be treated as an organization which is not a private foundation.

At the end of your first three tax years, however, you must establish with the Internal Revenue Service that for such three years you were in fact an organization of the type described in section 509(a)(2). If you establish this fact with the Service, you will be classified as a section 509(a)(2) organization for all purposes beginning with the first day of your fourth tax year and you must normally meet the requirements of section 509(a)(2) thereafter. If, however, you do not meet the requirements of section 509(a)(2) for your first three tax years, you will be classified as a private foundation as of the first day of your fourth tax year. Furthermore, you will be treated as a private foundation as of the first day of your first tax year for purposes of section 507(d) and 4940.

Grantors and donors may rely on the determination that you are not a private foundation for your first three tax years, unless notice that you will no longer be treated as a section 509(a)(2) organization is published in the Internal Revenue Bulletin. However, a grantor or donor may not rely on such determination if he was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section 509(a)(2) status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section 509(a)(2) organization.

You are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. You are not liable for the taxes imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible under sections 2055, 2106, and 2522 of the Code.

If your sources of support, or your purposes, character, or method of operation is changed, you must let us know so we can consider the effect of the change on your status. Also, you must inform us of all changes in your name or address.

If your gross receipts each year are normally more than \$5,000, you'are required to file Form 990, Return of Organization Exempt From Income Tax, by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, for failure to file a return on time.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Please keep this determination letter in your permanent records.
