

MEMORANDUM

To: Steve Riley, Town Manager
From: John Troyer, Finance Director
Date: September 20, 2017
RE: FY 2017 Financial Statements Preliminary & Unaudited – Through June 2017

General Overview

The attached financial statements present the activity through June of Fiscal Year 2017. A number of the income items that the Town reports are higher in the current fiscal year than in the prior fiscal year.

The Town is reporting property tax revenue of \$23,111,038 or 102% of the tax reported for all of FY2016 and 100% of the FY2017 budget. Business License income has increased by \$119,641 when compared with last fiscal year. The Town is reporting \$770,694 in Road Usage Fees which is a new source of revenue for the Town. A FEMA grant of \$1,100,199 related to Hurricane Joaquin also increased the FY2017 income.

A Bond Anticipation Note was issued as planned before the hurricane. It produced \$25,698,750 of net proceeds to the Town. The proceeds are being used to fund the Beach Renourishment as well as new and ongoing Capital Projects.

Real estate-related revenues, namely real estate transfer fees (RETF) and permits combined are shown as 9% lower than last fiscal year. The 4% decline in Transfer Fees came mostly during the October thru March, post-Hurricane Matthew time period. An uptick was seen in the most recent quarter but it was not high enough to offset the decline in earlier months. Most of the 17% decline in Permits is in the New Construction area. Last fiscal year there was a flurry of new projects that generated a spike in this revenue. This year, a large number of repair related permits were issued which has offset about one-half of the reduction in new construction permits. As a point of reference, the current fiscal year total for Permit income is 23% higher than the FY2015 amount.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
