To: Steve Riley, Town Manager  
From: John Troyer, Finance Director  
Date: January 19, 2017  
RE: **FY 2017 Financial Statements – Through September (3rd period)**

---

**General Overview**

Note: The financial impact of Hurricane Matthew will start to show in October (4<sup>th</sup> period).

The attached financial statements present the activity through the third month of the fiscal year. As anticipated, there is nominal activity on the revenue side. The quarterly tax inflows will be forthcoming in October. Expenditures levels are in line with expectations through three months of the fiscal year. A significant portion of the costs are personnel related which are incurred rather evenly throughout the fiscal year. A new cost this year vs last is related to the Beach Renourishment Project, see cost figures below.

Real estate-related revenues, namely permits and real estate transfer fees are 16% lower than last fiscal year but 11% higher than the FY2015 YTD results. Last year at this time there was a flurry of new projects that generated a spike in permit revenue.

	<u>RETF</u>			<u>Permits</u>			<u>Total</u>		
	Received	\$ Change	% Change	Received	\$ Change	% Change	Received	\$ Change	% Change
FY 2016	716,570			523,901			1,240,471		
FY 2017	701,148	(15,422)	-2%	344,576	(179,325)	-34%	1,045,724	(194,747)	-16%

Tourism-driven revenues are 21% higher than last fiscal year. The Town requires that Local ATAX/Beach Preservation Fees be paid on a quarterly basis. However, the Town accepts payments from businesses that want to pay on a monthly basis. The first quarterly payments are due in October. However, this year a number of tax payers elected to pay their taxes early rather than wait for October. Hence, the increase when comparing this year’s tax revenue with last year.

### **General Fund Summary**

Through September, the Town's General Fund revenues and transfers in total \$1,872,116 million or 5% of budgeted revenues and transfers in. This level is anticipated as the Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in May and June. Through September, total revenues and transfers in received to-date are \$241,133 higher than the same period last fiscal year.

With 25% of the year lapsed at the end of September, expenditures-to-date are \$7,649,908 million or 19% of budgeted expenditures. Current fiscal year expenditures are \$899,790 more than last fiscal year. The fact that there have been seven payrolls this fiscal year vs six during the same period for last year is the main reason for the increase. Several other explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts.

The net change in the General Fund is presented at \$(5,777,792), which is anticipated because of the timing when the Town receives the majority of its revenues, in January for property taxes and May/June for business licenses. The net change for the current year is \$(658,657) less this year than last year for the reasons explained earlier. General Fund current versus prior year revenue and expenditure comparisons are presented in a Dashboard display on the Town's external website.

### **Debt Service Fund**

### **Stormwater Utility Fund**

The Business Type Activity – Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close result between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town’s *Comprehensive Annual Financial Report*.

The Stormwater revenue collected by the County is remitted to the Town mainly during January. Expenditures are incurred throughout the fiscal year. The expenses this year include \$226,524 for Capital Outlays, \$137,749 for Debt Service, and \$96,606 for operations.

### **Dashboards**

The General Fund dashboards found on the Town’s website present a full year for fiscal years 2014, 2015, 2016 and year-to-date for fiscal year 2017.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
