

MEMORANDUM

To: Steve Riley, Town Manager

From: John Troyer, Finance Director

Date: March 16, 2018

RE: **FY 2018 Financial Statements – Through February (8th period)**

General Overview

Year-to-date results are in line with expectations. During the December to February period, a significant portion of the annual property taxes are remitted to the Town by the County. Business license receipts, the second largest single source of income, is not realized until the second half of the fiscal year. General Fund expenses, which are predominantly personnel related, are incurred more evenly throughout the fiscal year. This month we have gone from reporting a seasonal deficit to a seasonal surplus. We are expecting the General Fund to break even this year.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits are 25% higher than last fiscal year. The current year-to-date Real Estate Transfer Fees total is higher than any similar period in the past ten fiscal years. Fiscal year to date permit revenues are high due in part to applications received for a new hotel and two new multiple unit residential properties located on Pope Avenue. We expect the percentage change to moderate for the rest of the year.

Tourism-driven revenue, namely Local ATAX and Beach Preservation Fees are 5% higher than last fiscal year. ATAX/Beach Preservation Fees are due the 20th of the month following the quarter’s end. However, the Town accepts payments from businesses that want to pay on a monthly basis and some taxpayers have selected that option. The quarterly payments are due in October, January, April and July.

General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in May and June.

Through February, the Town's General Fund revenues and transfers in total \$25,652,651 or 66% of budget. The decrease of \$747,565 compared to the prior year is mainly timing related. Transfers to the General Fund from other funds are now being recorded on a monthly basis to provide a more steady income rather than taking the full amount during a single month, namely February 2017 during the past fiscal year.

With 67% of the year lapsed at the end of February, expenditures-to-date are \$22,780,985 or 56% of budgeted expenditures. Current fiscal year expenditures are \$594,325 lower than last fiscal year. The largest decline is found in the Fire Rescue category where personnel costs were high last year as the department responded to the impact of Hurricane Matthew. Several other explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. The results are consistent with our expectations for this time of year.

The temporary surplus in the General Fund is presented at \$2,871,665, which again is anticipated due to the timing when the Town receives the majority of its revenues, mainly December-February for property taxes and May/June for business licenses. The net change for the current year is \$153,240 lower this year than last year for the reasons explained earlier. General Fund current versus prior year revenue and expenditure comparisons are presented in a Dashboard display on the Town's external website.

Debt Service Fund

Debt service payments are due at various times during the fiscal year. As of the end of February, 53% of the current year’s obligations have come due and been paid.

Stormwater Utility Fund

The Business Type Activity – Stormwater data are presented on the modified accrual basis of accounting. This basis reflects the very close result between revenues and expenditures. These balances will change as Town staff modifies the accounts to full accrual basis, the required presentation basis in the Town's *Comprehensive Annual Financial Report*.

The Stormwater revenue collected by the County is remitted to the Town mainly during January. New rates apply to FY2018 which have resulted in a significant increase in revenues when compared to the prior fiscal year.

Expenditures are incurred throughout the fiscal year. The expenses this year include, \$146,896 for County Fees, \$407,640 for Capital Outlays, \$125,587 for Debt Service, and \$313,060 for operations.

Dashboards

The General Fund dashboards found on the Town's website present a full year for fiscal years 2016, 2017 and year-to-date for fiscal year 2018.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
