

MEMORANDUM

RE: **FY 2019 Financial Statements – Through September (3rd period)**

General Overview

The initial months of each fiscal year are traditionally low on the revenue side while expenses, which are predominantly personnel related, are incurred evenly throughout the fiscal year. Hence, reporting a deficit is the norm during the first quarter which runs from July through September.

Real estate-related revenues, namely Real Estate Transfer Fees and Permits are slightly higher than last fiscal year. Individually, the Real Estate Transfer Fee amount of \$816,199, although down from last year, is higher than every other first quarter total for the past ten fiscal years while Permit Revenues are 20% higher than the prior year.

	<u>RETF</u>			<u>Permits</u>			<u>Total</u>		
	Received	\$ Change	% Change	Received	\$ Change	% Change	Received	\$ Change	% Change
FY 2018	868,061			340,100			1,208,161

Tourism-driven revenue results which is comprised of ATAX/Beach and Hospitality taxes are on a combined basis 34% higher than last fiscal year. This early in the fiscal year the total should not be construed as an ongoing trend. The Town does not require Local ATAX/Beach Preservation Fees to be paid by the taxpayers until the 20th of the month following the quarter's end. However, the Town accepts payments from businesses that choose to pay on a monthly basis prior to the actual due date. The quarterly payments are due in October, January, April and July.

General Fund Summary

The Town receives most of its property taxes (the largest revenue source) from December through February. The next largest General Fund revenue source is Business License revenues which the Town primarily receives in May and June.

Through September, the Town's General Fund revenues and transfers in total \$3,651,717 or 9% of budget. This is an increase of \$621,127 compared to the prior year. Approximately two thirds of the increase is due to a timing difference regarding interfund transfers while the other one third is made up of individual changes in a number of the components. At this early point in the year we hesitate to draw inferences regarding ongoing trends.

With 25% of the year lapsed at the end of September, expenditures-to-date are \$8,551,990 or 20% of budgeted expenditures. Current fiscal year expenditures are \$1,253,963 higher than last year. A significant portion of the increase is timing related with the cost of police services performed by the Sheriff being recorded on a monthly basis this year but posted on a quarterly basis at this point last year. Several other explanations for year-to-year changes are provided in the budget to actual statement or on the revenue analysis charts. Overall results are consistent with expectations for this time of year.

The net change in the General Fund is presented as a temporary deficit of (\$4,900,273), which is anticipated due to the timing when the Town receives the majority of its revenues, during December thru February for property taxes and May/June for business licenses. The net change for the current year is (\$632,836) lower this year than last year for the reasons explained earlier. General Fund current versus prior year revenue and expenditure comparisons are presented in a Dashboard display on the Town's external website.

Debt service payments are due at various times during the fiscal year. As of the end of September, \$5,655,151, or 25% of the current year's obligations, have come due and been paid.

The Stormwater revenue collected by the County is remitted to the Town mainly during the December through February time period. Expenditures are incurred throughout the fiscal year. The expenses this year include \$211,666 for Capital Outlays, \$245,382 for Debt Service, and \$88,620 for operations.

The original TIF went through tax year 2014/fiscal year 2015 and included the school district participating at 75% for both operating and debt millage. The TIF has been extended for 10 years; however, the school district changed its participation to exclude operating millage. Therefore, TIF revenues will be less in fiscal years 2016 and forward. TIF revenues by design are expected to grow via redevelopment; \$50 million is the capped addition for the 10 years. Revenues for the early years of the 10 year extension are expected to be in the \$4 millions, but will need to exceed \$5 million in the latter years to average \$5 million/year or \$50 million in total.
