

Our Community Vision
**REINVENTING
SUSTAINABILITY... AGAIN!**
what does Sustainability mean?

While **sustainability** does refer to our pristine natural environment, it is also meant to ensure that our **economy, culture, infrastructure, and people** endure.

Our adopted **Community Vision** is called **Reinventing Sustainability...Again!** This exciting direction is focused on revitalization and modernization, and building an inclusive and diverse community.

Join us as we write **Our Plan** to share your ideas, expertise, or time to help make Hilton Head Island better than ever.

Our Plan links the efforts completed in the Town's Vision Project, *Our Future*, to the new comprehensive plan of Hilton Head Island.
